## Operational Plan 2023-24 update

Author: Dominic Wilson, Head of Co-governance

<b>Purpose</b>	To update the Authority on the Tūpuna Maunga Authority's Operational Plan 2023/24
<b>Recommendations</b>	That the Tūpuna Maunga Authority: a) <b>note</b> that the Tūpuna Maunga Authority's Operational Plan 2023/24 has been agreed.

### Background

1. At Hui 84 (25 May 2023), the Authority unanimously adopted the Tūpuna Maunga Authority's Operational Plan 2023-24 and the Summary.
2. On 29 June 2023, Auckland Council agreed the Tūpuna Maunga Authority's Operational Plan 2023-24 and the Summary.

### Statutory and other considerations

3. Any decision to determine management within a reserve must take into account the legislative and policy framework.
4. Section 109(2) of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 requires the Authority to have regard to the spiritual, ancestral, cultural, customary, and historical significance of the Maunga to Ngā Mana Whenua o Tāmaki Makaurau and that the Tūpuna Maunga is held in trust for Ngā Mana Whenua and the other people of Auckland.
5. The Tūpuna Maunga Authority's Integrated Management Plan was unanimously adopted (Mana Whenua and Auckland Council members) by the Authority pursuant to the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 and Reserves Act 1977. The Integrated Management Plan describes a series of "Values" and "Pathways" that guide all activities on the Tūpuna Maunga.
6. The Tūpuna Maunga Authority (Mana Whenua and Auckland Council members) unanimously adopted the Tūpuna Maunga Strategies at Hui 50 on 25 September 2020. The Tūpuna Maunga Strategies are 7 key sections that outline the strategic direction with regards to education, Biodiversity, Tūpuna Maunga design, Recreation, commercial activities and monitoring. Together with the IMP, these strategies inform guide and manage the activities undertaken on the Maunga.
7. The Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 sets out a process for the adoption of an "Annual Operational Plan" by the Authority (refer sections 60-63). Management have worked alongside the council's legal and finance teams to ensure compliance with the procedures set out in the legislation.
8. The Authority administers the Tūpuna Maunga under the Reserves Act 1977 and pursuant to Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014. The Hauraki Gulf Marine Park Act 2000 is also applicable in relation to Maungauika.

### Discussion

9. The Tūpuna Maunga Authority's Operational Plan 2023-24 and the Summary are now agreed in terms of s60(1) of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014.
10. The final version will now be uploaded to the Authority's website.

## Special Purpose Accounts for the Tūpuna Maunga o Tāmaki Makaurau Authority

Statement of Accounting Policies  
For the year ended 30 June 2022

### **Basis of preparation**

This financial report is a special purpose report that reflects the current understanding of Auckland Council's ("the council") reporting requirements for the Tūpuna Maunga o Tāmaki Makaurau Authority ("the Tūpuna Maunga Authority") under the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014.

The council is responsible for the routine management of the maunga and the administered land. It must carry out this responsibility under the direction of the Tūpuna Maunga Authority and in accordance with the annual operational plan, any standard operating procedures between the Tūpuna Maunga Authority and council, and any delegations made to the council.

The amounts presented are extracted from the council's accounting records in relation to the work of the Tūpuna Maunga Authority as the administering body of the maunga and administered land. This report is designed to provide information about the current period's income and expenditure and the policies applied to prepare the reported results.

### **Goods and services tax (GST)**

All amounts are recorded exclusive of GST.

### **Council funding**

The Tūpuna Maunga Authority and the council must agree an Annual Operational Plan to provide a framework and funding in which the council will carry out its functions for the year. Each annual operational plan must be:

- a) Agreed before commencement of the financial year to which it relates;
- b) Prepared and adopted concurrently with the council's annual plan; and
- c) Included in the council's annual plan in summary form.

The council's annual operational funding is recognised as the Tūpuna Maunga Authority revenue in these financial statements to a maximum of net expenditure incurred.

Funding for capital expenditure is also agreed in the annual operational plan. The council provides this funding under the direction of the Tūpuna Maunga Authority. Refer to Note 8 for detail.

### **Lease income**

The Tūpuna Maunga Authority receives rental income from buildings and structures located on the maunga and administered land.

### **Event charges**

Income is received for events in relation to the maunga and is recognised when the event occurs.

## Special Purpose Accounts for the Tūpuna Maunga o Tāmaki Makaurau Authority

### Statement of Accounting Policies

For the year ended 30 June 2022

#### Employee related costs

Employee related costs are recorded as an expense when staff provide services and become entitled to wages, salaries, leave or other entitlements.

Employee related costs for staff dedicated to the management of maunga activities are assigned to the Tūpuna Maunga Authority. The council also incurs employee related costs for staff involved in the areas of governance, property management and general corporate support of the Tūpuna Maunga Authority. These employee related costs are not assigned to the Tūpuna Maunga Authority.

#### Remaining Expenses

Expenditure is recognised when the good or service is received.

The remaining expenses include 'repairs, maintenance and outsourced works and services, 'professional services' and 'other expenses'. Further analysis of expenses is detailed in Note 2.

#### Surplus/(deficit)

The council's funding is to a maximum of the Tūpuna Maunga Authority's net expenditure therefore no surplus or deficit is incurred.

**Note 4: Other**

There are no revenues with conditions which have been recorded as a liability.

**Note 5: Appointed member remuneration**

Auckland Council is required to pay the remuneration and expenses of members of the Tūpuna Maunga Authority appointed by a rōpū entity under section 62 of the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014. These expenses are to be incurred by Auckland Council in addition to any revenue and funding received by the Tūpuna Maunga Authority. The appointed member remuneration and expenses are not included in this annual financial report.

**Note 6: Goods or services provided "in kind"**

The Tūpuna Maunga Authority received administrative and specialist support services from Auckland Council at no charge.

**Note 7: Related party transactions**

Related party disclosures have not been made for transactions with related parties that are within a normal supplier or client/recipient relationship on terms and conditions no more, or less, favourable than those that it is reasonable to expect the Tūpuna Maunga Authority would have adopted in dealing with the party at arm's length in the same circumstances.

**Note 8: Capital expenditure**

Under the direction of Tūpuna Maunga Authority, the Council spent \$6.4million on capital projects for the Maunga (30 June 2021:

\$3.2million). Tūpuna Maunga Authority's budgeted capital expenditure for FY22 was \$8.8 million including any underspent from prior years.

**Note 9: Events after balance date**

No events have occurred after balance date that would have a material impact on the annual financial report.

**Tūpuna Maunga O Tāmaki Makaurau Authority - (Tūpuna Maunga Authority) - Annual Financial Report 30 June 2022**

I am pleased to provide the Tūpuna Maunga o Tāmaki Makaurau Authority with the attached 2021/22 annual financial report (the report), which summarises funding, revenue and costs for the Tūpuna Maunga Authority.

I can confirm the report is accurate and that Auckland Council's accounts relating to the Tūpuna Maunga Authority for the year have been reported appropriately and consistently with section 63 of the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014.

Since forming in 2014 the Tūpuna Maunga Authority has embodied the principles of co-governance and continues to demonstrate a commitment to positive outcomes for the Maunga, Ngā Mana Whenua and the other people of Tāmaki Makaurau.

In this last year the Tūpuna Maunga Authority has continued to progress activities on the Maunga in accordance with the values set out in the Tūpuna Maunga Integrated Management Plan. I am aware that Aucklanders are enjoying the various new boardwalks and upgraded tracks on many of the Maunga. This is a significant achievement for the Authority and a major step in providing better protection of the Maunga.

Following the difficult years dealing with COVID matters, it is pleasing to hear that the Authority has been granted funding through the "Mahi mo te Taiao/Jobs For Nature" scheme. This is a \$3million grant to support revegetation, pest plant and animal control over the next three years and providing 13 jobs under the scheme.

The Authority has also continued its restoration programme on the Maunga involving the planting of around 30,323 new plantings across the Maunga network in 2022. The Authority has also encouraged the community to be involved with its series of planting days this year.

I was particularly pleased to see the new research scholarship being implemented which supports research about the Maunga. It's great to see an initiative which benefits students and the Tūpuna Maunga alike through better understanding of just how special these places are.

## Quarter 2 Report

Authors: Munen Prakash, Lead Financial Advisor and Nicholas Turoa, Kaiwhakahaere Te Waka Tai-ranga-whenua.

---

<b>Purpose</b>	To provide the Tupuna Maunga Authority with the Quarterly Report for the 2nd Quarter of the 2022/2023 financial year.
<b>Recommendations</b>	That the Tūpuna Maunga Authority: a) <b>note</b> the 2nd Quarter for the 2022/2023 financial year.

## Registers

Attachment A: Quarter 2 Report

## QUARTER 2 REPORT

As at 31 December 2022

## CONTENTS

### 1. Key highlights

### 2. Tūpuna Maunga – key objectives and Maunga-specific work programme

### 3. Financials

#### 3.1 Operating revenue and costs

#### 3.2 Capital projects

## 1. Key highlights in this quarter:

### Integrated Management Plan consultation

A consultation process kicked off in October on amendments made to the Integrated Management Plan relating to the vegetation restoration programme for four Maunga. Hearings were held in November and a decision on the amendment reached by the Authority.

### Maunga Protection - Guy Fawkes

Successful implementation of annual fire safety actions during the Guy Fawkes season. Which included access restrictions during the evenings of 2-6 November (Guy Fawkes week) and security presence across the network. This has resulted in the third consecutive year in a row with no fires on the Maunga during the Guy Fawkes period.

### Summer Field Officer Programme

3 Summer Field Officers were recruited to work over the summer period. This is an important component of the Tūpuna Maunga work programme to ensure a regular presence on the Maunga over summer when the Maunga typically experience higher visitor numbers.

### Te Pane-o-Mataaho/ Te Ara Pueru / Māngere Mountain - Whānau Ātea

The vibrant whānau ātea that honours the Tūpuna Maunga cultural, spiritual, heritage, and ecological values, completed capital works with gates opening on 21<sup>st</sup> December in time for Christmas.

### Maungawhau/ Mount Eden – Stage 2 boardwalk

The construction for capital works on stage 2 of the boardwalk commenced.

<b>Total Capital Projects</b>	3,941	7,327	3,386	12,966

**Financial Commentary:**

**Capital Expenditure** for quarter two ended 31 December 2022 was around 54% of year-to-date budget. Some work programmes will be progressed in the second half of the year which will include expenditure and repair work caused by bad weather.

## Tūpuna Maunga Plans

Authors: Janine Bell, Boffa Miskell and Nicholas Turoa, Kaiwhakahaere Te Waka Tai-ranga-whenua

<b>Purpose</b>	To consider and adopt the draft Matukutūruru, Ōhuiarangi, and Maungarei Maunga Plans.
<b>Recommendations</b>	That the Tūpuna Maunga Authority: a) <b>approve</b> the draft Matukutūruru, Ōhuiarangi, and Maungarei Maunga Plans (Attachment A); and b) <b>delegate</b> to the Head of Co-governance the authority to make any further minor typographical changes that may be identified.

### Background

1. The Tūpuna Maunga Integrated Management Plan (IMP) was adopted by the Authority on 23 June 2016 and replaced the separate and individual legacy reserve management plans. The IMP sets out the overarching policy setting and lays the foundations for how the Tūpuna Maunga (ancestral mountains) of Tāmaki Makaurau / Auckland are valued, protected, restored, enhanced and managed.
2. The Tūpuna Maunga Strategies (IMP Strategies) were adopted by the Authority on 25 September 2019. The IMP strategies were the next level of substantive policy development for the Tūpuna Maunga and gave effect to the Values and Pathways in the IMP.
3. The Individual Maunga plans (Maunga Plans) are the final tier of policy development and complete the series of documents as part of the Integrated Management Plan Framework, but they are not reserve management plans in terms of the Reserves Act 1977. The Plans will give effect to the Values, Pathways, Guidelines and Strategies and provide further detail with regards to the work the Authority is undertaking to enhance the health and well-being of the Tūpuna Maunga.
4. At Hui 79 (12 September 2022) The Tūpuna Maunga Authority adopted three Draft Individual Maunga Plans for Mātukutururu, Maungarei/ Mt Wellington and Ōhuiarangi/ Pigeon Mountain for public feedback.

### Statutory and other considerations

5. The process and any decision to adopt any policy or plan is required to take into account the legislative and policy framework.
6. Section 109(2) of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 requires the Authority to have regard to the spiritual, ancestral, cultural, customary, and historical significance of the Maunga to Ngā Mana Whenua o Tāmaki Makaurau and that the Tūpuna Maunga is held in trust for Ngā Mana Whenua and the other people of Auckland.
7. The Tūpuna Maunga Authority's Integrated Management Plan was unanimously adopted (Mana Whenua and Auckland Council members) by the Authority pursuant to the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 and the Reserves Act 1977. The Integrated Management Plan describes a series of "Values" and "Pathways" that guide all activities on the Tūpuna Maunga.

8. At Hui 50 (25 September 2020), the Tūpuna Maunga Authority (Mana Whenua and Auckland Council members) unanimously adopted the Tūpuna Maunga Strategies. The Tūpuna Maunga Strategies are 7 key sections that outline the strategic direction with regards to education, Biodiversity, Tūpuna Maunga design, Recreation, commercial activities and monitoring. Together with the IMP, these strategies inform guide and manage the activities undertaken on the Maunga.
9. The Tūpuna Maunga are within the catchments that support the Hauraki Gulf. The purpose of the Hauraki Gulf Marine Park Act 2000, among other matters, is to “recognise the historic, traditional, cultural, and spiritual relationship of the tangata whenua with the Hauraki Gulf”.

## Discussion

### *Feedback*

10. The Authority received public feedback on the first three Draft Individual Maunga Plans from 28 February to 28 March 2023.
11. The Draft Individual Tūpuna Maunga Plans were sent to mana whenua, the Tūpuna Taonga o Tāmaki Makaurau Trust, key stakeholders, Local Boards, and Ward councillors. The Draft Individual Tūpuna Maunga Plans were also available on the Authority’s website and advertisements were placed in the print newspapers of the following news outlets:
  - NZ Herald
  - Central Leader
  - East and Bays Courier
  - Eastern Courier
  - Manukau Courier
  - North Shore Times
  - Devonport Flagstaff.
12. Hard copies were also made available at local libraries and Auckland Council service centres.
13. Feedback from mana whenua and five submissions from the public have been received.

### *Amendments*

14. Following review and assessment of the feedback received, the following changes have been made and a copy of the updated Tūpuna Maunga plans are included in Attachment A:
  - The Matukutūruru text has been amended to include Te Kawerau a Maki’s Statement of Association recorded in the Deed of Settlement.
  - All references to “Ngāti Te Ata” have been amended to “Ngāti Te Ata Waiohua”.
  - The Vision section for all three maunga (s2.2, 4.2 and 8.2) has been amended by adding the following text: “*The Tūpuna Maunga Authority will ensure that the archaeological values of the maunga are protected and enhanced*”.
  - In para 4.2.3 (Maungarei), the second sentence has been amended by adding the underlined text as follows: “*Over time, in accordance with arboricultural best practice, unsafe and aging trees are to be removed from Winifred Huggins Reserve and replaced with native species*”.
  - The Maungarei Future Project Plan has been amended to identify areas of revegetation.
  - When the Ngāti Te Ata Deed of Settlement is signed, the applicable Statements of Association will be updated.

### Next Steps

15. If approved by the Authority, the final Matukutūruru, Ōhuitarangi, and Maungarei Maunga Plans will be uploaded to the Authority's website.
16. Management note that the plans are living documents that the Authority may review or amend at any future time.

## 1. HOROPAKI / BACKGROUND AND CONTEXT

- 1.1 In 2014, following five years of Te Tiriti o Waitangi/Treaty of Waitangi settlement negotiations, the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 (“Collective Redress Act”) legislated the Collective deed of settlement.
- 1.2 Under the Collective Redress Act, 14 Tūpuna Maunga were transferred to the 13 iwi/hapū of Ngā Mana Whenua o Tāmaki Makaurau (“Ngā Mana Whenua”) via the collective legal entity; the Tūpuna Taonga o Tāmaki Makaurau Trust (“Tūpuna Taonga Trust”).
- 1.3 The Tūpuna Maunga are held by the Tūpuna Taonga Trust for the common benefit of the iwi/hapū of Ngā Mana Whenua and the other people of Auckland. The reserve status for each Tūpuna Maunga under the Reserves Act 1977 (“Reserves Act”) was maintained by the Collective Redress Act.
- 1.4 Governance and administration of the Tūpuna Maunga is undertaken by the Tūpuna Maunga o Tāmaki Makaurau Authority (“Tūpuna Maunga Authority”)<sup>1</sup>, a statutory co-governance authority has equal representation from Ngā Mana Whenua and Auckland Council, with one (non-voting) Crown representative. The relationship between those who own, govern and manage the Tūpuna Maunga is set out in Figure 1.
- 1.5 The Tūpuna Maunga Authority represents a new era in the governance and management of the Tūpuna Maunga and will ensure that mana whenua world views and priorities, and the strong living connections and continued public access that all communities have with these special places, is woven into their unified and cohesive long-term care.

1. Te Ara Pueru / Te Pane-o-Mataaho / Māngere Mountain and Maungakiekie / One Tree Hill northern land are also administered by the Tūpuna Maunga Authority under the Collective Redress Act and Reserve Act noting that ownership of the land remains with the Crown.

DRAFT

- 1.6 On 23 June 2016, the Tūpuna Maunga Authority adopted the Integrated Management Plan 2016 ("IMP"). The IMP outlines the Tūpuna Maunga Authority's long-term vision for the Tūpuna Maunga and sets the direction for protection, restoration, enhancement and appropriate use of the Tūpuna Maunga. The primary focus of the Integrated Management Plan is to protect the health and well-being of the Tūpuna Maunga.
- 1.7 The IMP sets out Values and Pathways to achieve the integrated outcomes for all the Tūpuna Maunga.
- a. The Values provide the tika (correct) framework for the care and protection of the Tūpuna Maunga.
  - b. The Pathways elaborate and give tangible expression to the Values. They are guiding principles and objectives that set the direction for the Tūpuna Maunga Authority to protect and care for the Tūpuna Maunga and provide a crucial framework for decision-making.
- 1.8 The Values are set out below, and the associated Pathways are set out in Figure 2:

Wairuatanga / Spiritual
Mana Aotūroa / Cultural and Heritage
Takotoranga Whenua / Landscape
Mauri Pūnaha Hauropi / Ecology and Biodiversity
Mana Hononga Tangata / Living Connection
Whai Rawa Whakauka / Economic and Commercial

## Tūpuna Maunga Integrated Management Plan

### Individual Tūpuna Maunga Management Plans

1.9 The IMP established a tiered strategic framework to guide the management of the Tūpuna Maunga as set out in Figure 3. Sitting below the IMP is a series of Tūpuna Maunga Strategies. The Tūpuna Maunga Strategies aim to broaden the understanding of the wider Tāmaki Makaurau community of the importance of Tūpuna Maunga o Tāmaki Makaurau to mana whenua and encourage their involvement in the unified and long-term care of these special places. The Strategies acknowledge the diverse worldviews that add richness to the relationship Aucklanders have with Tūpuna Maunga. The Strategies are a companion policy document to the IMP and establish an integrated framework of principles and elements that guide kaupapa (decision-making) on the management of the Tūpuna Maunga. There are six high level Strategies: education, design, biodiversity, biosecurity, recreation and commercial, along with a monitoring strategy that assist in guiding how the Tūpuna Maunga are valued, restored, protected and managed.

DRAFT

- 1.10** Reinforcing and growing connections with the Maunga will be enabled through engagement, interaction and partnership creating opportunities to learn together and enhance manaakitanga (mutual respect). Development on the Maunga will respect and respond to the underlying cultural, natural and historic heritage values. Restoration of the Tūpuna Maunga offers an opportunity to reinstate and reconnect the ecology and biodiversity of the Maunga, and the wider volcanic landscape across Tāmaki Makaurau. The future provision of pest management and biosecurity will focus on the use of technology to progress an innovative and effective approach, encouraging community relationships and connection with the protection of biodiversity values. The future provision of recreational activities and facilities will reflect mana whenua values, celebrate important features and provide experiences which connect recreational users with the whenua. The development or renewal of any recreational assets will represent and embody cultural, spiritual, heritage and ecological values. The pursuit of appropriate commercial revenue will promote the values and pathways and provide a sustainable revenue stream to ensure such outcomes are achieved longer-term.
- 1.11** Below the Tūpuna Maunga Strategies, each of the Tūpuna Maunga has its own Tūpuna Maunga Plan. These Plans reflect the Values and Pathways of the IMP and the overarching Tūpuna Maunga Strategies and set out in detail how these will be applied to ensure the care, restoration and management of each Tūpuna Maunga.
- 1.12** The Tūpuna Maunga Plans set out the iwi/hapū with interests in the Maunga, the vision for the Maunga, the history of the Maunga, the background to the name of the Maunga, the mana whenua associations, activities (present and future), future development plans, and a monitoring programme.
- 1.13** Each of the Tūpuna Maunga Plans includes a Statement of Association. A Statement of Association details the relationship between iwi or hapū within a Statutory Acknowledgement area. A Statutory Acknowledgement is a formal acknowledgement by the Crown that recognises the particular cultural, spiritual, historical and traditional association an iwi has with a site of significance or resource identified as a statutory area. The Deed sets out the details of the Settlement between the Crown and iwi and typically includes a Statement of Association.
- 1.14** The Statements of Association included in the Tūpuna Maunga Plans are extracted directly from the applicable Deeds of Settlement. The Deeds have been sourced from the Te Kāwanatanga o Aotearoa (New Zealand Government) website.
- 1.15** The IMP and the subsequent companion strategies, guidelines and Tūpuna Maunga Plans are implemented through the annual Tūpuna Maunga Operational Plan. Figure 4 describes the policy framework that collectively informs, guides and manages the activities on the Maunga.

## 2.2 NGĀ MOEMOEĀ O NGĀ MAUNGA / THE VISION FOR MATUKUTŪRURU

**2.2.1** The vision for Matukutūruru is enhance the mauri of the Maunga. Matukutūruru is part of a local volcanic field that borders the Manukau Harbour. Matukutūruru has largely been destroyed, with only a small remnant of the Maunga remaining. The Maunga is home to the Wiri lava cave, Auckland’s longest known lava cave and home to rare stalactites. Rumney Cottage, built in 1928 using rock from the Maunga is the only building on the Maunga.

**2.2.2** To enhance the mauri of the Maunga, it is proposed to work with the Tūpuna Taonga Trust to refurbish Rumney Cottage for an appropriate use, install an entrance and gathering area at the front of the Cottage and connect it to a visitor car park. Existing tracks will be refurbished, and new walking tracks established, including a new track to a lookout area with stone seating and low planting. The lookout area will provide visual connections to Matukutūreia, Māngere, Maungarei and other Maunga. New artwork, storytelling and cultural interpretation is proposed. Redundant structures will be removed. Weed and pest control will be continued. The entry to lava caves will be located and protected.

**2.2.3** The Tūpuna Maunga Authority will ensure that the archaeological values of the maunga are protected and enhanced.

DRAFT

## 2.3 NGĀ WHAKAPAPA O NGĀ MANA WHENUA HISTORY AND MANA WHENUA ASSOCIATIONS

**2.3.1** The Maunga were a network of fortified pa across Tāmaki Makaurau. The Maunga made ideal pa sites in their time providing protection to people living there, with defensive measures that took full advantage of higher ground. The adaptable, fertile volcanic soils also offered opportunities to cultivate food and kūmara gardens and construct terraces, walls, storage pits, mounds and middens along the slopes.

**2.3.2** Through colonisation Matukutūruru was confiscated from mana whenua in the 1860's, with part of the Maunga being returned to the Tūpuna Taonga Trust in 2014, and part (the caves) are in the process of being returned to Te Ākitai Waiohū as part of their treaty settlement.

### INGOA / THE NAME – MATUKUTŪRURU

**2.3.3** Matukutūruru, together with the adjacent Matukutūreia, are known as Ngā Matukurua or 'the two bitterns'. Matuku (bittern) are a wetland bird that was once an abundant species within the Manukau area.

**2.3.4** Matukutūreia is the 'watchful bittern' named after a chief who saved his people attack, and Matukutūruru is 'the careless bittern' named after a chief who was attacked after falling asleep. The contemporary name of Matukutūruru and surrounding area Wiri comes from Te Wirihana Takaanini, a paramount chief of Te Ākitai. More detail is provided in the Te Ākitai Waiohū Statement of Association below.

### WHAKAPIRI / STATEMENTS OF ASSOCIATION:

**2.3.5** The following Statements of Association are extracted directly from the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Deed 2012.

**2.3.6** The Deeds have been sourced from the Te Kāwanatanga o Aotearoa (New Zealand Government) website.

**2.3.7** It is left to iwi, to decide how, and if, they wish to share their kōrero for the Maunga.

### NGĀTI TAMAHOHO

**2.3.8** Ngāti Tamaoho's relationship with the whenua and the Maunga of Tamaki Makaurau is central to its distinctive identity and lineage through the ancient Nga Oho people to the period of earliest settlement of Auckland; and its connection to the mauri of the Maunga, and the mana that accompanied that original occupation of land. This ancient ancestral lineage of Ngāti Tamaoho provides a cultural base that delivers cultural strength, certainty and mana to this day.

**2.3.9** Ngāti Tamaoho have longstanding spiritual, ancestral, cultural, customary and historical interests in this group of Maunga through being an integral part of the Te Waiohū confederation, which over time occupied these places, bringing to all the constituent hapu a source of mana, spiritual wellbeing, livelihood, security and shelter that customarily sustained all its people. Respect for the mana of the Maunga (spiritual authority, protective power, and prestige) of all of the congregation of Maunga, is at the heart of the relationship between Ngāti Tamaoho and their Maunga.

**2.3.10** Māngere Mountain and Matukutūruru was a Waiohū pa.

DRAFT

#### TE ĀKITAI WAIOHUA

- 2.3.11** Matukutūruru is a Waiohua pa site that was also utilised for kumara and food gardens.
- 2.3.12** The numerous volcanic Maunga in Tamaki Makaurau made ideal pa sites in their time, providing protection to the people living there, with defensive measures that took full advantage of higher ground. The adaptable, fertile volcanic soils also offered opportunities to cultivate food and kumara gardens and construct terraces, walls, storage pits, mounds and middens along the slopes.
- 2.3.13** Kiwi Tamaki, progenitor of Te Akitai Waiohua and paramount chief of Waiohua, stayed mainly at Maungakiekie (One Tree Hill.) He seasonally moved between different Maunga pa sites and ( stayed at each of them as it came time to harvest various types of food - fish, shellfish, birds, bird eggs and vegetables.
- 2.3.14** Matukutūruru is one of a pair of volcanic cones known as Nga Matukuru or 'the two bitterns.' The other cone, Matukutūreia (McLaughlin's Mountain) or 'the watchful bittern' was named after the Waiohua chief whose vigilance saved his people from being attacked at the pa. Matukutūruru is the 'careless bittern' or 'bittern standing at ease' named after the chief who was assaulted at the pa after falling asleep at the end of a fishing expedition.
- 2.3.15** The contemporary name of the Maunga and surrounding area Wiri comes from Te Wirihana Takaanini, a paramount chief of Te Akitai Waiohua and direct descendant (great great grandson) of Kiwi Tamaki.
- 2.3.16** The historical, cultural and spiritual association of Te Ākitai Waiohua with the Maunga of Tamaki Makaurau is essential to the preservation and affirmation of its tribal identity.
- 2.3.17** These Maunga were places of protection and sustenance for generations of Waiohua and were occupied through to the end of Kiwi Tamaki's leadership at a time when the community was at its ( height in strength, unity and stability. Waiohua engaged in traditional and symbolic cultural practices on the Maunga, but they were also homes where the people lived, fought and died.
- 2.3.18** Thus the history of the Maunga serves as a record of the stories and experiences that have shaped Te Ākitai Waiohua to this day and will continue to do so in the future.

#### TE KAWERAU Ā MAKI

- 2.3.19** When Maki and his people arrived in Tamaki, they were returning to an ancestral home that had been explored, named, and settled by their tupuna (ancestors). Maki descended from famous Tainui ancestors associated with Tamaki, including Hoturoa, Rakataura and Poutukeka. He was thus related to the Tainui hapu (sub-tribes), collectively known as Ngaoho, who then occupied the Tamaki region. Maki was specifically associated with the tribal grouping known as Ngaiwi, who resided across the Tamaki isthmus and the area to the south-west between Te Pane o Mataoho (Mangere Mountain) and Te Manurewa o Tamapahore (Matukutūruru).

## 2.5 AROTURUKI MONITORING AND REVIEW

**2.5.1** The IMP specifically recognises the need for review through the identification of the Monitoring Strategy. The Tūpuna Maunga Monitoring Strategy sets out that each Tūpuna Maunga Plan will have Maunga specific targets.

**2.5.2** The specific targets for Matukutūruru are:

- Have the future projects been implemented within the specified time frames?
- Has an appropriate and viable use for Rumney Cottage been established?
- Are visitor numbers and recreational usage increasing?
- Are the pūrākau (stories) of Matukutūruru being passed on to future generations?
- Is the lava cave being protected?
- Is biodiversity improving?
- Are pest numbers reducing?
- Is the community valuing the work the Tūpuna Maunga Authority have undertaken on the Maunga

**2.5.3** The Matukutūruru Tūpuna Maunga Plan will be updated annually following adoption of the Tūpuna Maunga Operational Plan.

## 4.2 NGĀ MOEMOEĀ O NGĀ MAUNGA / THE VISION FOR MAUNGAREI

4.2.1 The vision for Maungarei is to enhance the mauri of the maunga, improve the visitor experience, understanding and respect for the maunga.

4.2.2 A Pā tūwatawata representation is proposed to be constructed. Pou and other cultural infrastructure will be established.

4.2.3 A programme of weed and pest control will be continued. Over time, in accordance with arboricultural best practice, unsafe and aging trees are to be removed from Winifred Huggins Reserve and replaced with native species. A name change for this area may also be considered. The Tūpuna Maunga Authority will work with the local community to develop a halo of pest control around the maunga. Native species corridors from Maungarei to other Maunga will be identified and enhanced. The Anogramma and other endemic ferns on the Maunga will continue to be protected. Opportunities for propagation and plantings on the Maunga will be investigated.

4.2.4 Tracks are proposed to be upgraded, and signage including track maps are proposed to be installed. Story telling signage that brings Mana Whenua stories and values to life on the Maunga will be installed at appropriate locations. The current roadway surface will be reviewed and permeable alternatives explored. Permanent infrastructure to slow traffic will be installed.

4.2.5 Dedicated amenity areas including picnic tables, and chairs to enable enjoyment of the quiet respite of the Tūpuna Maunga are proposed. The Tūpuna Maunga Authority will work with LINZ to explore the removal of the Trig Infrastructure with Surveying reference points to be taken from proposed pā tūwatawata. If required appropriate tourism infrastructure will be installed. Te Ki o Rahi fields and associated infrastructure are proposed. The game of Ki o Rahi stems from the legend of Rahitutakahina and Tiarakurapakewai.

4.2.6 The Tūpuna Maunga Authority will work with Auckland Council to explore the potential for contiguous lands to be incorporated into the maunga.

4.2.7 The Tūpuna Maunga Authority will ensure that the archaeological values of the maunga are protected and enhanced.

### 4.3 NGĀ WHAKAPAPA O NGĀ MANA WHENUA HISTORY AND MANA WHENUA ASSOCIATIONS

- 4.3.1 The Maunga were a network of fortified pa across Tāmaki Makaurau. The Maunga made ideal pa sites in their time providing protection to people living there, with defensive measures that took full advantage of higher ground. The adaptable, fertile volcanic soils also offered opportunities to cultivate food and kumara gardens and construct terraces, walls, storage pits, mounds and middens along the slopes.
- 4.3.2 Maungarei is one of the best preserved pā in Tāmaki Makaurau and occupation dates to around 1400AD. The main construction of pā terraces and pits that we see today have been dated back to the mid-sixteenth and late-seventeenth centuries.
- 4.3.3 The land on which Maungarei is situated was part of a large block purchased by the Crown from the Maori owners in 1841. In 1909, part of the southern face of the Maunga was gazetted as a Quarry Reserve with extensive quarrying taking place between 1960 and 1972. Maungarei was returned to the Tūpuna Taonga Trust in 2014.

#### INGOA / THE NAME - MAUNGAREI

- 4.3.4 Maungarei means 'watchful mountain' and is a reference to this Maunga as a highly strategic vantage point, and the ability of the inhabitants to resist attack.

#### WHAKAPIRI / STATEMENTS OF ASSOCIATION:

- 4.3.5 The following Statements of Association are extracted directly from the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Deed 2012, Ngāi Tai ki Tāmaki Deed of Settlement November 2015, and the Ngāti Paoa Deed of Settlement 2021.
- 4.3.6 The Deeds have been sourced from the Te Kāwanatanga o Aotearoa (New Zealand Government) website.
- 4.3.7 It is left to iwi, to decide how, and if, they wish to share their kōrero for the maunga

#### NGĀI TAI KI TĀMAKI

- 4.3.8** Ngāi Tai ki Tāmaki’s association with Maungarei arises from the direct descent from Ngāti Taihaua, Ngāti Taimanawaiti and Te Uri o Te Ao hapū.
- 4.3.9** Founding tūpuna of Ngāti Tai occupied this significant wāhi tapu from the time of Tiki-teauwhatu (alias Te Kete-ana-taua) of the Tainui waka settling the lands west of the Tāmaki River known as Taurere and Te Tauoma, where he married Hinematapāua of the tāngata whenua.
- 4.3.10** The Ngāti Tai and Wai o Hua descendants of their son Taihaua held occupation of Maungarei until another iwi stormed the pā in the very late 1700s or early 1800s. In some written accounts of this battle, the blanket identifier of “Wai o Hua” has often been applied to all of Taihaua’s Ngāti Tai descendants at Maungarei at this time.
- 4.3.11** We also understand that, above and beyond ancestral ties to Te Wai o Hua in general terms, another iwi represent the direct descendants of specific Wai o Hua ancestors who also died in the battle when invaders stormed Maungarei but did not occupy. The other iwi were subsequently interred alongside tūpuna of Ngāti Tai at Te Rua-o-Pōtaka.
- 4.3.12** The attacking iwi did not follow this defeat with occupation, but the extent of bloodshed at Maungarei rendered the site highly tapu, and it was subsequently not reoccupied. It remains a highly tapu site for Ngāi Tai to this day.

#### NGĀTI PAOA

- 4.3.13** Maungarei / Mount Wellington has a strong connection for Ngāti Paoa through the ancestress Reipae. Reipae and her sister Reitū travelled northwards on a bird. Reipae stopped at Maungarei / Mount Wellington and resided there before continuing on to Whangarei. Both places are named in her honour (Te Maunga-a-Reipae, Te Whanga-a-Reipae).

DRAFT

- 4.3.14** Maungarei / Mount Wellington holds historical and cultural significance for Ngāti Paoa. By the mid eighteenth century, the Marutūāhu expansion into Tāmaki Makaurau was in its final stages. Ngāti Paoa had developed considerable influence in eastern Tāmaki Makaurau as a result of the status held by several prominent chiefs including Ngaromania at Te Pupu o Kawau and Tahunatorea, Te Putu and his wife Te Kehu at Tauoma, Ngarokiteuru, Uehoka, Ikamokai and Rongomaurikura.
- 4.3.15** Maungarei / Mount Wellington was part of the Mokoia and Maunaina settlements on the Tāmaki River. These settlements were under the leadership of Ngāti Paoa chiefs Te Hinaki and Te Tata. In 1820, British missionaries visited Te Hinaki at Mokoia. One of the missionaries climbed Maungarei / Mount Wellington and “with a single glance beheld the greatest portion of cultivated land I had ever met within one place in New Zealand.” Ngāti Paoa was forced to flee their settlements in 1821 during the musket wars.
- 4.3.16** During the Ōrākei land title investigations, Ngāti Paoa chief Haora Tipa Koinaki testified that Ngāti Paoa had claims to the Kohimarama block. The Kohimarama block extended from Kohimarama across to Karaka Bay and as far south as Mokoia (Panmure). Maungarei / Mount Wellington lies within these boundaries.

NGĀTI TAMAOHO

- 4.3.17** Ngāti Tamaoho’s relationship with the whenua and the Maunga of Tāmaki Makaurau is central to its distinctive identity and lineage through the ancient Nga Oho people to the period of earliest settlement of Auckland; and its connection to the mauri of the maunga, and the mana that accompanied that original occupation of land. This ancient ancestral lineage of Ngāti Tamaoho provides a cultural base that delivers cultural strength, certainty and mana to this day.
- 4.3.18** Ngāti Tamaoho have longstanding spiritual, ancestral, cultural, customary and historical interests in this group of Maunga through being an integral part of the Te Waiohua confederation, which over time occupied these places, bringing to all the constituent hapū a source of mana, spiritual wellbeing, livelihood, security and shelter that customarily sustained all its people. Respect for the mana of the Maunga (spiritual authority, protective power, and prestige) of all of the congregation of maunga, is at the heart of the relationship between Ngāti Tamaoho and their maunga.
- 4.3.19** Maungarei / Mount Wellington was a Waiohua stronghold in the 16th Century.

TE ĀKITAI WAIOHUA

- 4.3.20** Maungarei is a Waiohua pa site that was also utilised for kumara and food gardens.
- 4.3.21** The numerous volcanic Maunga in Tāmaki Makaurau made ideal pa sites in their time, providing protection to the people living there, with defensive measures that took full advantage of higher ground. The adaptable, fertile volcanic soils also offered opportunities to cultivate food and kumara gardens and construct terraces, walls, storage pits, mounds and middens along the slopes. Constructed as a defensive pa, Maungarei also featured high maioro (palisades), ditches and banks.
- 4.3.22** Kiwi Tāmaki, progenitor of Te Ākitai Waiohua and paramount chief of Waiohua, stayed mainly at Maungakiekie (One Tree Hill.) He seasonally moved between different Maunga pa sites and stayed at each of them as it came time to harvest various types of food - fish, shellfish, birds, bird eggs and vegetables.
- 4.3.23** The historical, cultural and spiritual association of Te Ākitai Waiohua with the Maunga of Tāmaki Makaurau is essential to the preservation and affirmation of its tribal identity.
- 4.3.24** These Maunga were places of protection and sustenance for generations of Waiohua and were occupied through to the end of Kiwi Tāmaki’s leadership at a time when the community was at its height in strength, unity and stability. Waiohua engaged in traditional and symbolic cultural practices on the maunga, but they were also homes where the people lived, fought and died.
- 4.3.25** Thus the history of the Maunga serves as a record of the stories and experiences that have shaped Te Ākitai Waiohua to this day and will continue to do so in the future.

**4.5.1** The IMP specifically recognises the need for review through the identification of the Monitoring Strategy. The Tūpuna Maunga Monitoring Strategy sets out that each Maunga Plan will have Maunga specific targets.

**4.5.2** The specific targets for Maungarei are:

- Have the future projects been implemented within the specified time frames?
- Is the tīhi being respected?
- Are visitor numbers and recreational usage increasing?
- Are the pūrākau (stories) of Maungarei being passed on to future generations?
- Is biodiversity improving?
- Are pest numbers reducing?
- Is feedback on maintenance issues dealt with in a timely manner?
- Is the community valuing the work the Tūpuna Maunga Authority have undertaken on the maunga?
- Are native birds and reptiles increasing?

**4.5.3** The Maungarei Maunga Plan will be updated annually following a adoption of the Tūpuna Maunga Operational Plan.

**8.2.1** The vision for Ōhūiarangi is to enhance the mauri of the Maunga, improve the visitor experience, understanding and respect for the Maunga.

**8.2.2** Māra Kai and Māra Hupara are proposed to be established.

**8.2.3** Cattle have been removed to prevent further damage to cultural and archaeological features. All infrastructure associated with farming (cattle yards, trough and fences around planted areas) will be removed.

**8.2.4** Paths are proposed to be upgraded, signage including track maps are proposed to be installed. Through signage and design elements mountain biking is to be discouraged to again, prevent further damage to cultural and archaeological features, particularly on the tihi.

**8.2.5** An informal platform on the tihi is proposed, along with engagement with LINZ regarding the future of the damaged/unused trig marker. The northern cliff face and Pine trees on the cliff face will be monitored for health and safety risks and stability. Over time, the Pine trees will be replaced by native specimens along with native revegetation of the cliff face. A programme of weed and pest control will be continued.

**8.2.6** The Tūpuna Maunga Authority will ensure that the archaeological values of the maunga are protected and enhanced.

### 8.3 NGĀ WHAKAPAPA O NGĀ MANA WHENUA HISTORY AND MANA WHENUA ASSOCIATIONS

- 8.3.1** The Maunga were a network of fortified pa across Tāmaki Makaurau. The Maunga made ideal pa sites in their time providing protection to people living there, with defensive measures that took full advantage of higher ground. The adaptable, fertile volcanic soils also offered opportunities to cultivate food and kūmara gardens and construct terraces, walls, storage pits, mounds and middens along the slopes.
- 8.3.2** Colonisation resulted in Ōhūiarangi being quarried for local roading metal from the mid 1800's until the 1970's when it ceased following a community campaign. Only half of the original Maunga remains today.

#### INGOA / THE NAME - ŌHUIARANGI

- 8.3.3** Ōhūiarangi is named after the ancient pre-Tainui ancestress Hūiarangi who lived there. The name Ōhūiarangi translates as 'the desire of Rangī'. More detail is provided in the Ngāi Tai ki Tāmaki Statement of Association below.

#### WHAKAPIRI / STATEMENTS OF ASSOCIATION

- 8.3.4** The following Statements of Association are extracted directly from the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Deed 2012, and Ngāi Tai ki Tāmaki Deed of Settlement November 2015.
- 8.3.5** The Deeds have been sourced from the Te Kāwanatanga o Aotearoa (New Zealand Government) website.
- 8.3.6** It is left to iwi, to decide how, and if, they wish to share their kōrero for the Maunga.

#### NGĀI TAI KI TĀMAKI

- 8.3.7** Ngāi Tai ki Tāmaki claim a strong cultural and historic association with Ōhūiarangi.
- 8.3.8** The Maunga is named for the ancient pre-Tainui ancestress Huiarangi of Te Tini o Maruiwi and Ngāti Ruatāmore, from whom Ngāi Tai ki Tāmaki trace descent by the marriage of the founding Ngāti Tai ancestors Hinematapāua of Ngāti Ruatāmore and Tiki-te-auwhatu (Te Kete-ana-taua) of Tainui waka; parents of the eponymous ancestor Taihau.
- 8.3.9** In the pūrakau or legends of Ngāi Tai ki Tāmaki, Ōhūiarangi is also associated with the even more ancient ancestors known as Tūrehu; those who “arose from beneath the earth” led by our ancestor Koiwiriki of Te Iwi Hūnua, and fought a cataclysmic battle at this site known as Te Pakuranga-rāhīhī (“The Battle of the Sun’s Rays”). This poetic description of the volcanic birth of Ōhūiarangi Maunga also gives the name to present-day Pakuranga, but more importantly, these Tūrehu associations express Ngāi Tai ki Tāmaki’s whakapapa links to the Atua Ruaūmoko and the realm of Rarohenga.
- 8.3.10** The maunga is thus a highly significant wāhi tapu to Ngāi Tai, representing cultural, spiritual and genealogical links between this world and the next. Ōhūiarangi is the site of ancient volcanic burial caves, many (but not all) of which were severely damaged along with two thirds of the entire Maunga as a result of Pākehā capitalism.
- 8.3.11** Ōhūiarangi was also an important place of ritual and the site of a sacred tūāhu (stone altar), which was also destroyed as a consequence of Pākehā industry.
- 8.3.12** The pā of Ōhūiarangi was occupied by our ancestors, and is particularly associated with the Ngāi Tai ki Tāmaki chiefs Te Whataatau, Te Wana and Te Rangitāwhia of Te Uri o Te Ao, Ngāti Te Raukohekohe and Ngāti Rangitāwhia hapū of Ngāi Tai. These two pā represented the principal strongholds of Ngāi Tai ki Tāmaki in the East Tāmaki/Howick/Pakuranga region at this time.
- 8.3.13** Te Naupata and Ōhūiarangi were evacuated during the Musket War period, following which, Ngāi Tai ki Tāmaki ancestors placed a tapu over the wider Waipaparoa/Ōwairoa (Howick) and Pakuranga areas. The tapu applied particularly to the sites of Te Naupata and Ōhūiarangi.
- 8.3.14** Ngāi Tai burials continued on the Maunga subsequent to the introduction of Christianity during the 1830s. These urupā have also been destroyed by twentieth century “development” activities.
- 8.3.15** Ngāi Tai ki Tāmaki’s association with Ōhūiarangi remains strong to this day.

#### NGĀTI TAMAOHO

- 8.3.16** Ngati Tamaoho's relationship with the whenua and the Maunga of Tamaki Makaurau is central to its distinctive identity and lineage through the ancient Nga Oho people to the period of earliest settlement of Auckland; and its connection to the mauri of the Maunga, and the mana that accompanied that original occupation of land. This ancient ancestral lineage of Ngati Tamaoho provides a cultural base that delivers cultural strength, certainty and mana to this day.
- 8.3.17** Ngati Tamaoho have longstanding spiritual, ancestral, cultural, customary and historical interests in this group of Maunga through being an integral part of the Te Waiohuria confederation, which over time occupied these places, bringing to all the constituent hapu a source of mana, spiritual wellbeing, livelihood, security and shelter that customarily sustained all its people. Respect for the mana of the Maunga (spiritual authority, protective power, and prestige) of all of the congregation of Maunga, is at the heart of the relationship between Ngati Tamaoho and their Maunga.
- 8.3.18** Waiohuria settled in Ōhūiarangi / Pigeon Mountain until the seventeenth century.

#### TE ĀKITAI WAIOHUA

- 8.3.19** Ōhūiarangi is a Waiohuria pa site that was also utilised for kumara and food gardens.
- 8.3.20** The numerous volcanic Maunga in Tamaki Makaurau made ideal pa sites in their time, providing protection to the people living there, with defensive measures that took full advantage of higher ground. The adaptable, fertile volcanic soils also offered opportunities to cultivate food and kumara gardens and construct terraces, walls, storage pits, mounds and middens along the slopes.
- 8.3.21** Kiwi Tamaki, progenitor of Te Akitai Waiohuria and paramount chief of Waiohuria, stayed mainly at Maungakiekie (One Tree Hill.) He seasonally moved between different Maunga pa sites and stayed at each of them as it came time to harvest various types of food - fish, shellfish, birds, bird eggs and vegetables.
- 8.3.22** The historical, cultural and spiritual association of Te Akitai Waiohuria with the Maunga of Tamaki Makaurau is essential to the preservation and affirmation of its tribal identity.
- 8.3.23** These Maunga were places of protection and sustenance for generations of Waiohuria and were occupied through to the end of Kiwi Tamaki's leadership at a time when the community was at its height in strength, unity and stability. Waiohuria engaged in traditional and symbolic cultural practices on the Maunga, but they were also homes where the people lived, fought and died.
- 8.3.24** Thus the history of the Maunga serves as a record of the stories and experiences that have shaped Te Akitai Waiohuria to this day and will continue to do so in the future.

## 8.5 AROTURUKI MONITORING AND REVIEW

**8.5.1** The IMP specifically recognises the need for review through the identification of the Monitoring Strategy. The Tūpuna Maunga Monitoring Strategy sets out that each Maunga Plan will have Maunga specific targets.

**8.5.2** The specific targets for Ōhūiarangi are:

- Have the future projects been implemented within the specified time frames?
- Has mountain biking on the tihi stopped?
- Is the tihi being respected?
- Are the pūrākau (stories) of Ōhūiarangi being passed on to future generations?
- Are visitor numbers and recreational usage increasing?
- Is biodiversity improving?
- Are pest numbers reducing?
- Is the community valuing the work the Tūpuna Maunga Authority have undertaken on the Maunga?

**8.5.3** The Ōhūiarangi Maunga Plan will be updated annually following adoption of the Tūpuna Maunga Operational Plan.

Hui reported to	Maunga	Summary of incident	Number of any near misses	Outcome of investigations into any incidents and near misses	Health and Safety management matters arising	Actions Taken
Hui 84	Ōtāhuhu	Pine tree caught fire and FENZ had to attend to put out. They had to cut off large branch to prevent fire spreading.		FENZ couldn't conclude what had started fire.		
Hui 82	Ōtāhuhu	Tree fallen on powerline in front of mowing operator.	1		Risk of falling impact for vehicles and members of the public	Contractors contacted to attend to both powerline and the fallen tree
Hui 82	Takarunga	A staff member was on site inspecting the gate and leant against the fence railing and received an electric shock		A vector managed powerline had fallen on the Maunga. This area was cordoned off by our Full Facilities Maintenance Contractor. The fallen line was touching a metal fence railing near the automated gate. This was not noticed by the contractor who cordoned the area off.	Potential injury to public and staff.	Vector called immediately, attended to powerline and fixed. Review of cordoning off procedures is underway.
Hui 82	All Maunga	Major Storm Event over the Auckland Anniversary weekend.		Unprecedented level of rain caused slips across multiple maunga. Flood damage to tracks and buildings. Fallen trees and split-outs across the Maunga network.		Health and safety risks to public cordoned off.  Assessments undertaken on slips, remediation plan being developed.
Hui 82	All Maunga	Cyclone Gabrielle hit Auckland during the Waitangi Weekend.		Cyclone Gabrielle hit Auckland and caused trees to come down on multiple maunga, damaging tracks, assets and playgrounds. Fallen trees and split-outs across the Maunga network.		Health and safety risks to public cordoned off.  Assessments on damaged trees conducted, and work programmed.
Hui 81	Te Pane o Mataoho / Te Ara Pueru / Māngere Mountain	Play equipment reported as hot during the heat of the day.		The incident occurred during a hot day while a family was playing at the māra hūpara.	Environmental factors	Signs have been erected to inform playground users of the risk during heat periods.  Shade will be erected above the slide in question.
Hui 81	Te Pane o Mataoho / Te Ara Pueru / Māngere Mountain	Child fell into storage space under stage.		The incident occurred as the doors to the area were not secured by a previous user.	Fall	Doors have been permanently sealed shut and protocols established so that users are not able to access the storage space.
Hui 81	Ōhūiarangi / Pigeon Mountain	Person tripped on flax which was overhanging the boardwalk.		The incident occurred because the flax acted as a trip wire.	Trip hazard	Maintenance contractors have cleared boardwalk. Management continues to work with contractors to ensure safety of our walkways and tracks.
Hui 79	Maungawhau / Mt Eden	Staff encountered confrontation with a rough sleeper camping on Maungawhau		This incident occurred when staff approached someone who was sleeping in a tent on the tihi of Maungawhau to ask	Conflict	Police were called and tent was removed from the Maunga.

Hui reported to	Maunga	Summary of incident	Number of any near misses	Outcome of investigations into any incidents and near misses	Health and Safety management matters arising	Actions Taken
				them to remove their tent and were subsequently involved in a confrontational exchange.		Management continue to monitor Maungawhau and other Maunga for this type of activity.
Hui 79	Maungawhau / Mt Eden	Complaint received about large boulder which had come loose and was suspended over the road reserve on Clive Rd.		It was identified that the area in question was within the road reserve and therefore the responsibility of Auckland Transport.	Risk of falling impact for vehicles and members of the public	Management worked with Auckland Transport to arrange for boulder to be moved under urgency given the seriousness of the risk.  Long term have requested that proactive structural work is undertaken on this area.
