Operational Plan 2026/2027 update

Author/s :

Dominic Wilson, Te Tauihu Waka Tairanga Whenua / Co-Governance Manager
Bizhan Rahnama, Kaitohutohu Tupuna Maunga / Co-Governance Advisor

Purpose

1. To update on the Tūpuna Maunga Authority's Operational Plan 2026/2027.

Recommendation

That the Tūpuna Maunga Authority:

- a. **note** that the Tūpuna Maunga Authority's Operational Plan 2026/2027 has been agreed.

Background

2. At Hui 105 (25 May 2026), the Authority unanimously adopted the Tūpuna Maunga Authority's Operational Plan 2026/2027 and the Summary.
3. On 2 June 2026, Auckland Council unanimously agreed to the Tūpuna Maunga Authority's Operational Plan 2026/2027 and the Summary.

Statutory Context

4. Any decision to determine management within a reserve must take into account the legislative and policy framework.
5. Section 109(2) of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 requires the Authority to have regard to the spiritual, ancestral, cultural, customary, and historical significance of the Maunga to Ngā Mana Whenua o Tāmaki Makaurau and that the Tūpuna Maunga is held in trust for Ngā Mana Whenua and the other people of Auckland.
6. The Tūpuna Maunga Authority's Integrated Management Plan was unanimously adopted (Mana Whenua and Auckland Council members) by the Authority pursuant to the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 and Reserves Act 1977. The Integrated Management Plan describes a series of "Values" and "Pathways" that guide all activities on the Tūpuna Maunga.
7. The Tūpuna Maunga Authority (Mana Whenua and Auckland Council members) unanimously adopted the Tūpuna Maunga Strategies at Hui 50 on 25 September 2020. The Tūpuna Maunga Strategies are 7 key sections that outline the strategic direction with regards to education, Biodiversity, Tūpuna Maunga design, Recreation, commercial activities and monitoring. Together with the IMP, these strategies inform guide and manage the activities undertaken on the Maunga.
8. The Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 sets out a process for the adoption of an "Annual Operational Plan" by the Authority (refer sections 60-63). Management have worked alongside the council's legal and finance teams to ensure compliance with the procedures set out in the legislation.

Item 4.1

-
9. The Authority administers the Tūpuna Maunga under the Reserves Act 1977 and pursuant to Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014. The Hauraki Gulf Marine Park Act 2000 is also applicable in relation to Maungauika.

Discussion

10. The Tūpuna Maunga Authority's Operational Plan 2026/2027 and the Summary are now agreed in terms of s60(1) of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014.
11. The final version can now be viewed on the Authority's website.

Item 4.2

QUARTER 3 REPORT

As at 31 March 2026

CONTENTS

1. Key highlights

2. Tūpuna Maunga – key objectives and Maunga-specific work programme

3. Financials

3.1 Operating revenue and costs

3.2 Capital projects

1. Key highlights in this quarter:

Dog campaign: Successfully delivered four, well-received dog-owner engagement pop-ups across Ōwairaka and Te Tātua, using positive interactions, giveaways, and education to reinforce key TMA dog rules and gather valuable public feedback on recent Maunga works. Continuing these pop-ups through the year will help sustain positive behaviour change.

Ruru nesting boxes: built by the Year 12 woodworking class at One Tree Hill College in partnership with Maungakiekie Songbird were placed across the Maunga during the nesting season. Two boxes on Maungakiekie and Te Tātua a Riukiuta were successfully used, with multiple chicks fledging.

Island Invasives Conference Jan 2026: Tūpuna Maunga Authority Conservation Advisors attended the fourth conference of the series advancing knowledge transfer within eradication methodologies and enhancing biodiversity.

Tūpuna Maunga Authority Maungawhau Junior Education Pilot: The Tūpuna Maunga Authority hosted a successful two-day Maungawhau / Mt Eden junior education pilot, welcoming around 200 Year 1–2 taura (aged 5–6) along with teachers and whānau to connect kanohi ki te kanohi with the TMA team and learn about the cultural, conservation and restoration mahi taking place on the maunga

2.1 Conservation data.

All biodiversity pest animal data—including trap, bait, and monitoring records—are now captured using the Trap.NZ app and website. This streamlined approach centralises data collection, making it easier to access, manage, and report on outcomes moving forward.

Consistent data reporting over time will support more accurate and conclusive assessments of trends in pest animal populations on the maunga, enabling us to make more informed and effective management decisions

This data is available in the quarterly report, this data is available, and is presented in Attachment A.

Pest Animal Control on the Maunga

Maunga	Bait added	Bait removed	Bait taken	Bait take %
Maungakiekie	6.804Kg	5.516Kg	1.288Kg	18%
Maungarei	5.600Kg	0.707Kg	4.781Kg	85%
Maungawhau	8.204Kg	5.124Kg	3.080Kg	38%
ōhinerau	2.128Kg	1.397Kg	0.731Kg	34%
Ōhuirangi	6.832Kg	4.088Kg	2.632Kg	39%
Ōtāhuhu	7.896Kg	5.152Kg	2.856Kg	36%
Ōwairaka	4.480Kg	1.427Kg	3.053Kg	68%

Puketāpapa	4.032Kg	0.700Kg	3.332Kg	83%
Te Kōpuke	2.912Kg	1.349Kg	1.564Kg	54%
Te Pane o Mataoho	11.34Kg	2.071Kg	9.831Kg	87%
Te Tātua-a-Riukiuta	6.104Kg	3.640Kg	2.464Kg	40%

The data presented in the table above is from the February bait pulse and indicates a moderate uptake across the Maunga. Encouragingly, overall bait consumption continues to show a year-on-year decline, suggesting positive progress in pest control outcomes. Regularly scheduled monitoring will be maintained to track trends and support informed pest animal management decisions.

Baiting on the Maunga is carried out in accordance with best practice standards, four times a year, in February, April, August, and November.

Lockable pest control stations are used across the Maunga. These stations are designed to securely house both bait and rat traps, complying with health and safety standards while supporting efficient and targeted pest management.

Rat populations typically peak during the February-April window, this trend has been reflected in widespread reports of high bait consumption across the region. Consistently elevated bait take suggests the presence of active rat populations on the maunga and/or ongoing reinvasion from surrounding areas. If this trend persists over time, a review of the current pest management strategy will be undertaken, adjusting the control setup if deemed necessary.

Note: Maungauika, Takarunga and Matukutūruru have been excluded for this dataset, as data from the respective groups managing the pest animal control on these Maunga is still awaiting upload. The February bait pulses on these Maunga have however been completed.

Special Purpose Accounts for the Tūpuna Maunga o Tāmaki Makaurau Authority

For the year ended 30 June 2025

Legal Name of Entity:	Tūpuna Maunga o Tāmaki Makaurau Authority (Tūpuna Maunga Authority)
Type of Entity and Legal Basis:	Administering body over the maunga of Tāmaki Makaurau. Established by the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 (Redress Act)

Entity's Purpose or Mission:

The Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Settlement vested the Crown-owned land in 14 Tūpuna Maunga in Ngā Mana Whenua o Tāmaki Makaurau, on the basis they would be held in trust by the Tūpuna Taonga o Tāmaki Makaurau Trust ("Tūpuna Taonga Trust") for the common benefit of the iwi and hapū of Ngā Mana Whenua o Tāmaki Makaurau and the other people of Auckland. The Tūpuna Maunga are vested as reserves.

The Tūpuna Maunga Authority is responsible as the administering body for the Tūpuna Maunga. It was established by legislation and commenced operations on 28 August 2014.

Auckland Council (the Council) is responsible for routine management of the maunga and the administered land and must carry out this responsibility under the direction of the Tūpuna Maunga Authority. This means that all income and expenditure for the maunga is received and incurred by the Council. These special purpose accounts represent all income and expenditure, except for any depreciation or amortisation expenses, fair value gains or losses and impairment expenses.

Entity Structure:

The Tūpuna Maunga Authority has six representatives from Ngā Mana Whenua o Tāmaki Makaurau and six representatives from the Council. The chairperson is elected by Ngā Mana Whenua o Tāmaki Makaurau representatives. The deputy chair is elected by the Council appointees.

A non-voting Crown representative is appointed by the Minister for Arts, Culture and Heritage for a three-year term, which can be extended for any period with the agreement of all parties.

The Maunga Operational Plan has been adopted. Where ownership under the Redress Act has been transferred from the Crown to the Tūpuna Taonga Trust or where administration of Crown-owned maunga has been transferred, administration of the maunga is through the Tūpuna Maunga Authority and routine management is undertaken by the Council.

Main Sources of the Entity's Cash and Resources:

Main source of income is funding from the Council which equates to the shortfall between the Tūpuna Maunga Authority's own expenditure and revenue. The Council also required to fulfill this responsibility to the extent that funding and revenue for the maunga and the administered lands costs allow. Funding is approved via the Councils' long-term and annual plans. Revenue is also estimated when these plans are prepared. Other income is received from leases and events.

Additional Information:

The information contained in these special purpose accounts is to report income and expenditure received and incurred by the Council on behalf of the Tūpuna Maunga Authority and for the routine management of the maunga. The Council must apply funding under the direction of the Tūpuna Maunga Authority and in accordance with the Annual Operational Plan. The 2024/2025 Operational Plan was adopted on 16 May 2024.

Special Purpose Accounts for the Tūpuna Maunga o Tāmaki Makaurau Authority

Statement of Accounting Policies For the year ended 30 June 2025

Basis of preparation

This financial report is a special purpose report that reflects the current understanding of Auckland Council's ("the Council") reporting requirements for the Tūpuna Maunga o Tāmaki Makaurau Authority ("the Tūpuna Maunga Authority") under the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014.

The Council is responsible for the routine management of the maunga and the administered land. It must carry out this responsibility under the direction of the Tūpuna Maunga Authority and in accordance with the annual operational plan, any standard operating procedures between the Tūpuna Maunga Authority and the Council, and any delegations made to the Council.

The amounts presented are extracted from the Council's accounting records in relation to the work of the Tūpuna Maunga Authority as the administering body of the Maunga and administered land. This report is designed to provide information about the current period's income and expenditure and the policies applied to prepare the reported results.

Goods and services tax (GST)

All amounts are recorded exclusive of GST.

Auckland Council funding

The Tūpuna Maunga Authority and the Council must agree an annual operational plan to provide a framework and funding in which the Council will carry out its functions for the year. Each annual operational plan must be:

- a) Agreed before commencement of the financial year to which it relates
- b) Prepared and adopted concurrently with the council's annual plan and
- c) Included in the council's annual plan in summary form

The Council's annual operational funding is recognised as the Tūpuna Maunga Authority revenue in these financial statements to a maximum of net expenditure incurred.

Funding for capital expenditure is also agreed in the annual operational plan. The Council provides this funding under the direction of the Tūpuna Maunga Authority. Refer to Note 8 for detail.

Lease income

The Tūpuna Maunga Authority receives rental income from buildings and structures located on the maunga and administered land.

Event charges

Income is received for events in relation to the maunga and is recognised when the event occurs.

Employee related costs

Employee related costs are recorded as an expense when staff provide services and become entitled to wages, salaries, leave or other entitlements.

Employee related costs for staff dedicated to the management of maunga activities are assigned to the Tūpuna Maunga Authority. The Council also incurs employee related costs for staff involved in the areas of governance, property management and general corporate support of the Tūpuna Maunga Authority. These employee related costs are not assigned to the Tūpuna Maunga Authority.

Remaining Expenses

Expenditure is recognised when the good or service is received.

The remaining expenses include 'repairs, maintenance and outsourced works and services, 'professional services' and 'other expenses'. Further analysis of expenses is detailed in Note 2.

Surplus/(deficit)

The Council's funding is to a maximum of the Tūpuna Maunga Authority's net expenditure therefore no surplus or deficit is incurred.

Notes to the Annual Financial Report
For the year ended 30 June 2025

Note 3 - Other

There are no revenues with conditions which have been recorded as a liability.

Note 4 - Jobs for Nature

The Tūpuna Maunga Authority received \$1.3m grants (30 June 2024: \$699k) from the Crown through the Department of Conservation ("DOC") for Jobs for Nature during the financial year. The purpose of this funding is to support the landscape scale restoration of Auckland's ancestral mountains (Tūpuna Maunga) through pest and weed control. The Tūpuna Maunga Authority spent the grant funding to deliver the project resulting in the increase of various types of operating expenditure.

Note 5 - Appointed member remuneration

The Council is required to pay the remuneration and expenses of members of the Tūpuna Maunga Authority appointed by a rūpū entity under section 62 of the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014. These expenses are to be incurred by the Council and it does not form part of operational funding. The appointed member remuneration and expenses are not included in this annual financial report.

Note 6 - Goods or services provided "in kinds"

The Tūpuna Maunga Authority received administrative and specialist support services from the Council at no charge. The "in kind" services are not included in this annual financial report.

Note 7 - Related party transactions

Related party disclosures have not been made for transactions with related parties that are within a normal supplier, client or recipient relationship on terms and conditions no more, or less, favourable than those that it is reasonable to expect the Tūpuna Maunga Authority would have adopted in dealing with the party at arm's length in the same circumstances.

Note 8 - Capital expenditure

Under the direction of Tūpuna Maunga Authority, the Council spent \$11.4million (30 June 2024: \$7million) on capital projects for the Maunga. Tūpuna Maunga Authority's budgeted capital expenditure for the year was \$11.8million (30 June 2024: \$15.7million) including any underspent from prior years.

Note 9 - Events after balance date

Subsequent to year end, there are no events occurring after balance date that would have a material impact on the special purpose accounts.

**TŪPUNA MAUNGA O TĀMAKI MAKAURAU AUTHORITY
(TŪPUNA MAUNGA AUTHORITY) - ANNUAL FINANCIAL REPORT 2025**

I am pleased to provide the Tūpuna Maunga o Tāmaki Makaurau Authority with the attached 2024/25 annual financial report (the report), which summarises funding, revenue and costs for the Tūpuna Maunga Authority.

I can confirm the report is accurate and that Auckland Council's accounts relating to the Tūpuna Maunga Authority for the year have been reported appropriately and consistently with section 63 of the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014.

Since forming in 2014 the Tūpuna Maunga Authority has embodied the principles of co-governance and continues to demonstrate a commitment to positive outcomes for the Maunga, Ngā Mana Whenua and the other people of Tāmaki Makaurau.

In this last year the Tūpuna Maunga Authority has continued to progress activities on the Maunga in accordance with the values set out in the Tūpuna Maunga Integrated Management Plan. It was very pleasing to see the upgrade of Ōhūiarangi / Pigeon Mountain has produced measurable benefits, including enhanced protection of archaeological features and reduced erosion achieved through a formalised entranceway and fencing. The design strategy and chosen material further advance mana whenua aspirations, while the incorporation of native planting to restore the natural ecological systems reinforces these outcomes. I believe that visitors will now enjoy safer and more coherent access through upgraded tracks and newly installed wayfinding signage. I recognise that the tihi (summit) of Takarunga/ Mt Victoria in Devonport has been significantly revitalised, transforming it into a pedestrian space, with the former carpark replaced by new pathways, extensive native planting, and inclusive seating area.

I am pleased to note that the Authority has maintained an extensive restorative planting programme across the Maunga, establishing thousands of native plants and undertaking a rigorous pest control programme.

I would like to acknowledge the Authority's management team for their dedicated efforts in restoring the Maunga. Their work demonstrates a strong commitment to protecting the Maunga while enhancing its quality, safety, and cultural significance for future generations.

Noho ora mai, nā

Health and Safety Register

Hui reported to	Maunga	Summary of incident	Number of any near misses	Outcome of investigations into any incidents and near misses	Health and Safety management matters arising	Actions Taken
Hui 106	Te Tātua-a-Riukiuta	While the Green by Nature kaimahi was undertaking bamboo removal works on Te Tātua a Riukiuta adjacent to the Connolly Avenue footpath, the kaimahi sustained lacerations and cuts to both forearms while cutting bamboo back from the maunga bank to improve access along the footpath leading to the residential cul-de-sac. The kaimahi observed abrasions to their forearms following the incident.		The incident was assessed as a preventable minor injury. Existing controls were reviewed and additional preventative measures have been recommended to reduce the likelihood of similar incidents occurring during future vegetation maintenance activities.	Injuries to kaimahi were sustained from this incident.	A toolbox talk will be undertaken with all kaimahi involved in vegetation maintenance activities on the maunga, focusing on vegetation removal hazards, correct PPE use, safe cutting techniques, and the requirement to complete a pre-start risk assessment before commencing similar works. This will help minimise the likelihood of further laceration injuries while maintaining safe access and environmental outcomes.
Hui 105	Maungawhau	On 1 May, an incident occurred where a parked van on the Clive Road exit had its back window smashed and broken into. She was a tourist, and it appears that her possessions were found nearby and thrown in the rubbish bin at the hospital.		The tourist reported the incident to the police.	Potential risk to manuhiri.	Management is considering signage to raise awareness and prevent similar incidents from occurring again.
Hui 103	Maungawhau	Serious incident in the afternoon on 5 February involving two pedestrians and a vehicle which resulted in injuries. A tourist minibus/van was disembarking passengers behind the toilet block, where a car was following closely behind. While the pedestrians were crossing the road, two of them were hit by the car.		This serious incident was caused by the minibus driver's actions of not parking in the allocated bus bays on the Maunga. As such, the investigation is ongoing and a police incident report has been logged.	Injuries to passengers were sustained from this incident.	The TMA operations team has contacted Police for more information about this incident. Summer Field Officers will monitor the area during busy periods on the Maunga, communications will be sent out to bus companies that operate on the Maunga regarding improper offloading of passengers and where they need to be stopping.
Hui 102	Maungakiekie	Serious incident in the early hours of September 1 st , a large Macrocarpa at the archery club uprooted in the wind event. As the tree fell, it caused significant damage to the archery club building and the heritage stone wall at the base of the tree. No one was in the vicinity at the time of the incident. One of many examples where uprooting trees cause risk to persons and the whenua.		This serious incident was due to the significant wind event that hit the area on the stated weekend, causing the uprooting of the Macrocarpa. These trees are very large and are exposed to some of the prevailing wind.	No injuries from the incident but there was potential for significant risk to members of the public if it happened at a busier time. An example of significant risks posed by uprooting trees to people and the whenua.	The TMA Ops team had Treescape response to the incident and remove the tree from where it was positioned. Our Capex team also supported with doing response propping work in the building to ensure it was safe for items to be removed from the building. AAC are now having a building assessment done. A thorough risk assessment of this windbreak line of Macrocarpas had been commissioned through August and was at its conclusion when this tree uprooted. We have a full understanding of the structural health of these trees, provided by this report and will be ensuring we mitigate any risks highlighted.

Hui reported to	Maunga	Summary of incident	Number of any near misses	Outcome of investigations into any incidents and near misses	Health and Safety management matters arising	Actions Taken
Hui 102	Titikōpuke	During the same wind event, a large Eucalyptus tree has had a significant split-out with a portion of the tree falling over the Maunga boundary and partially damaging a shared fenceline and light pole.		This incident was due to the significant wind event that hit the area on the stated weekend, causing the split-out of the Eucalyptus.	No injuries from the incident. This location is in an area that is fenced off from the general public so there was minimal risk of injury where it fell.	A plan is being put in place to remove the split-out and the rest of the tree. It is a more complex removal that will require helicopter work that is still in the planning phase.
Hui 101	Maungauika	A serious incident: 07:45am, 21 st May a DoC vehicle collided with the bottom swing arm gate as it was leaving the DoC sheds. The steel arm has penetrated into the cabin through the windshield and caused significant front quarter panel damage. Driver was unharmed but very shaken up.		This was a serious incident that required a fulsome inquiry. The Incident investigation has closed and actions assigned and enacted. A number of factors caused this incident with the main element being the swing arm not secured when in the open position.	Potential injury to DoC kaimahi.	To remove this risk, swing gates on Maungauika have been painted white for high contrast visibility, latch posts have been instated to secure gate arms and vegetation has been cut back to improve visibility.
Hui 101	Ōhinerau	One of the Green by Nature facility kaimahi was verbally abused and assaulted on the maunga.		The investigation is ongoing; nonetheless, the kaimahi logged the incident in Donesafe and filed a police report.	Injury to contractor.	Reinforcement of safety protocols during contractor's toolbox hui. Management has notified the council's health, safety and wellbeing team for assistance and viable solutions.
Hui 101	Maungarei	While edging Winifred Huggins' tracks, the Green by Nature contractor hit a rock, which then struck its glasses.		Near miss; the contractor was wearing protective goggles, protecting the worker from more serious injury.	Potential injury to contractor.	Reinforcement of safety protocols and personal protective equipment (PPE) requirements when doing this mahi at the contractor's toolbox hui.
Hui 101	Ōwairaka / Te Ahi-kā-a-Rakataura	While driving around Summit Drive, a dog ran up to the Green by Nature truck and began barking.		Near miss.	Potential risk to contractor and manuhiri.	Management to install more signage reminding of dog control rules, with an emphasis on the sports field. Continue to work with Animal Control for protection of contractors and the public.
