

Date: Monday, 28 September 2026
Time: 2:30pm
Meeting Room: Reception Lounge
Venue: Auckland Town Hall
301-305 Queen Street
Auckland

TŪPUNA MAUNGA O TĀMAKI MAKAUARAU AUTHORITY

HUI 108

OPEN AGENDA

Co-Chairpersons	Marama Royal	Ngā Mana Whenua o Tāmaki Makaurau (Ngāti Whātua Rōpū)
	Paul Majurey	Ngā Mana Whenua o Tāmaki Makaurau (Marutūāhu Rōpū)
Deputy Chairperson Members	Cr Alf Filipaina	Auckland Council (Governing Body – Manukau)
	Cr Christine Fletcher	Auckland Council (Governing Body - Albert-Eden-Puketāpapa)
	Damian Light	Auckland Council (Howick Local Board)
	Ropata Paora	Ngā Mana Whenua o Tāmaki Makaurau (Ngāti Whātua Rōpū)
	Sarah Powrie	Auckland Council (Ōrākei Local Board)
	Vanessa Reynolds	Ngā Mana Whenua o Tāmaki Makaurau (Waiohūa-Tāmaki Rōpū)
	Tame Taratu	Ngā Mana Whenua o Tāmaki Makaurau (Waiohūa-Tāmaki Rōpū)
	Tania Tarawa	Ngā Mana Whenua o Tāmaki Makaurau (Marutūāhu Rōpū)
	Jon Turner	Auckland Council (Puketāpapa Local Board)
	Cr Ken Turner	Auckland Council (Governing Body – Waitākere)

(Quorum 6 members, comprising the chair or deputy chair and 2 members appointed by the rōpū entities and 2 members appointed by Auckland Council)

CONTENTS

- 1 Apologies**
- 2 Declaration Of Interest**
- 3 Confirmation of Minutes**
- 4 Reports**
 - 4.1 Quarter 4 Report
 - 4.2 Tūpuna Maunga Planting Update 2026
 - 4.3 Auckland Archery Lease

 - 4.5 Residency 2026-2027
 - 4.6 Registers

Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014

109 Functions and powers

- (1) The Maunga Authority has the powers and functions conferred on it by or under this Act or any other enactment.
- (2) In exercising its powers and carrying out its functions in relation to the maunga, the Maunga Authority must have regard to—
 - (a) the spiritual, ancestral, cultural, customary, and historical significance of the maunga to Ngā Mana Whenua o Tāmaki Makaurau; and
 - (b) section 41(2).
- (3) In exercising its powers and carrying out its functions in relation to the administered lands, the Maunga Authority must have regard to the spiritual, ancestral, cultural, customary, and historical significance of the administered lands to Ngā Mana Whenua o Tāmaki Makaurau.

[Emphasis added]

41 Maunga must remain as reserves vested in trustee

- (1) This section applies to each maunga once the maunga is—
 - (a) vested in the trustee under subpart 1, 2, or 3 of this Part;and
 - (b) Declared a reserve under any of sections 18 to 29, 33, and 39.
- (2) The maunga is held by the trustee for the common benefit of Ngā Mana Whenua o Tāmaki Makaurau and the other people of Auckland.

...

[Emphasis added]

Tūpuna Maunga Reserve Status*

The following Tūpuna Maunga, with the relevant reserve status, are classified as reserves subject to the Reserves Act 1977

Maunga	Reserve Status
Matukutūruru	Historic reserve
Maungakiekie / One Tree Hill	Recreation reserve
Maungarei / Mt Wellington	Recreation reserve, Local Purpose reserve
Maungawhau / Mount Eden	Historic reserve, Recreation reserve
Maungauika / North Head	Historic reserve
Ōwairaka / Te Ahi-kā-a-Rakataura / Mount Albert	Recreation reserve
Pukewīwī / Puketāpapa / Mount Roskill	Recreation reserve
Te Kōpuke / Tītīkōpuke / Mount St John	Recreation reserve
Ōhinerau / Mount Hobson	Recreation reserve
Ōhūiarangi / Pigeon Mountain	Historic reserve, Recreation reserve, Local Purpose reserve
Ōtāhuhu / Mount Richmond	Recreation reserve
Takarunga / Mount Victoria	Recreation reserve, Local Purpose reserve
Te Tātua-a-Riukiuta / Big King	Recreation reserve
Te Ara Pueru / Te Pane-o-Mataaho / Mangere Mountain	Historic reserve, Recreation reserve, Local Purpose reserve
Rarotonga / Mount Smart	Recreation reserve

* See sections 18-29, 33 (repealed), 39, 41, 47, 53, 54, and Schedules 1 & 2, 6 of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014

1 Apologies

No apologies have been received.

2 Declaration of Interest

Members are reminded of the need to be vigilant to stand aside from decision making when a conflict arises between their role as a member and any private or other external interest they might have.

3 Confirmation of Minutes

Click the meeting date below to access the minutes.

That the Tūpuna Maunga Authority:

- a. whakaū / confirm the minutes of [Hui 107 held on Monday, 17 August 2026](#), as a true and accurate record minutes.

Quarter 4 Report

Author/s :

Matt Burton, Senior Operations Advisor
Munen Prakash, Lead Financial Advisor

Purpose

1. To consider the Quarter 4 Report for the 2025/26 financial year.

Recommendation

That the Tūpuna Maunga Authority:

- a. tuhi tīpoka / note the attached Quarter 4 Report for 2025/26 financial year.

Background

2. Quarterly report providing the Tūpuna Maunga Authority with operational performance and financial update.

Discussion

3. Attached is the Tūpuna Maunga Authority Quarter 4 Report for the 2025/26 financial year.

Attachments

- A. Quarter 4 Report

Item 4.1

QUARTER 4 REPORT

As at 30 June 2026

CONTENTS

1. Key highlights

2. Tūpuna Maunga – key objectives and Maunga-specific work programme

3. Financials

3.1 Operating revenue and costs

3.2 Capital projects

1. Key highlights in this quarter:

- **May/June Planting Days:** The first two community days of the planting season were held at Te Tātua a Riukiuta / Big King and Te Pane o Mataoho / Te Ara Pūeru / Māngere Mountain. The first three school planting days of the season were held at Te Kōpuke / Tītīkōpuke / Mt St John, Tātua a Riukiuta / Big King and Matukutūruru / Wiri Mountain.
- **Installation of wētā motels:** The start of installation of wētā motels on the Maunga to provide ongoing invertebrate monitoring.
- **Conclusion of Research Scholarship 25/26:** With four recipients, this was the largest cohort of researchers supported as part of the Research Scholarship.
- **Mana Whenua guided hīkoi:** Two community hīkoi, delivered by mana whenua tour operator Explore Tāmaki on Maungauika and Takarunga were supported by the Devonport-Takapuna Local Board.
- **Rangatahi engagement:** May Road Primary School visit to Puketāpapa / Pukewīwī and Tāmaki Primary hīkoi with Explore Tāmaki on Maungarei.

2. Tūpuna Maunga key activities and Maunga-specific work programmes

This section of the Performance Report lists each of the Tūpuna Maunga and the key activities undertaken Quarter 4.

Matukutūruru / Wiri	• Pest management undertaken • Planting maintenance and preparation of 2026 planting area • School planting held on the 30th of June • Ongoing Department of Corrections volunteer pest plant removal works
Maungakiekie / One Tree Hill	• Pest management undertaken • Regular tree maintenance • Firebreak mowing
Maungarei / Mt Wellington	• Pest management undertaken • Threatened flora species management ongoing • Preparation of 2026 planting sites • Regular tree maintenance • Firebreak mowing • Continued Eastern Songbird volunteer led pest animal works
Maungauika/North Head	• Pest management undertaken • Regular tree maintenance • Continued Restoration Takarunga volunteer led pest animal works

Maungawhau / Mt Eden	• Pest management undertaken • Friends of Maungawhau volunteer sessions in April, May and June with infill planting priority during May and June sessions • Regular tree maintenance • Firebreak mowing • Continued volunteer led pest animal control works
Ōhinerau / Mt Hobson	• Pest management undertaken • Planting maintenance and preparation of 2026 planting sites • Regular tree maintenance • Firebreak mowing
Ōhutarangi/Pigeon Mountain	• Pest management undertaken • Planting maintenance • Regular tree maintenance • Firebreak mowing • Continued volunteer led pest animal works by Pest Free Howick
Ōtāhuhu / Mt Richmond	• Pest management undertaken • Planting maintenance and preparation of 2026 planting sites • Regular tree maintenance • Firebreak mowing
Ōwairaka / Te Ahi-Kā-Rakataura /Mt Albert	• Pest management undertaken • Planting maintenance • Regular tree maintenance • Firebreak mowing
Pukewīwī / Puketāpapa / Mt Roskill	• Pest management undertaken • Planting maintenance • Regular tree maintenance • Firebreak mowing • Specimen tree planting carried out in May
Takarunga / Mt Victoria	• Pest management undertaken • Planting maintenance • Regular tree maintenance • Firebreak mowing • Continued Restoration Takarunga volunteer led pest animal works
Te Kōpuke / Titikōpuke /Mt St John	• Pest management undertaken • Regular tree maintenance • Firebreak mowing • Preparation of 2026 planting areas • School planting held on the 9th of June

Te Pane o Mataoho / Te Ara Pūeru / Māngere Mountain	• Pest management undertaken • Planting maintenance and preparation of 2026 planting sites • Regular tree maintenance • Firebreak mowing • Community planting day on the 28th of June • Contractor only planting carried out in June
Te Tātua-a-Riukiuta / Big King	• Pest management undertaken • Friends of Te Tātua a Riukiuta volunteer session in April, May and June with infill planting priority in May and June sessions • Planting maintenance and preparation of 2026 planting sites • Community planting day on the 30th of May and School planting day on the 11th of June • Contractor only planting carried out in May/June • Regular tree maintenance • Firebreak mowing • Installation of wētā motels

2.1 Conservation data.

All biodiversity pest animal data—including trap, bait, and monitoring records—are now captured using the Trap.NZ app and website. This streamlined approach centralises data collection, making it easier to access, manage, and report on outcomes moving forward.

Consistent data reporting over time will support more accurate and conclusive assessments of trends in pest animal populations on the maunga, enabling us to make more informed and effective management decisions

This data is available in the quarterly report, this data is available, and is presented in Attachment A.

Pest Animal Control on the Maunga

Maunga	Bait added	Bait removed	Bait taken	Bait take %
Maungakiekie	6.888Kg	2.548kg	4.340kg	63%
Maungarei	14.112Kg	0.003Kg	14.109Kg	99%
Maungawhau	14.784Kg	1.372Kg	13.188Kg	89.2%
Ōhinerau	5.040Kg	0.440Kg	04.600Kg	91.3%
Ōhuirangi	7.924Kg	2.966Kg	5.040Kg	63.6%
Ōtāhuhu	10.724Kg	2.240Kg	8.484Kg	79.1%

Ōwairaka	10.192Kg	0.672Kg	9.632Kg	94.5%
Puketāpapa	6.124Kg	0.295Kg	5.829Kg	95.2%
Te Kōpuke	6.160Kg	0.896Kg	5.264Kg	85.5%
Te Pane o Mataoho	28.065Kg	4.256Kg	24.248Kg	86.4%
Te Tātua-a-Riukiuta	7.840Kg	1.428Kg	6.412Kg	81.8%

The data presented in the table above is from the April 2026 bait pulse and indicates high uptake across the Maunga.

Rat populations typically peak between February and April, and this trend has been reflected in widespread reports of high bait consumption across the region. Consistently elevated bait take suggests the presence of active rat populations on the maunga and/or ongoing reinvasion from surrounding areas. If elevated bait take persists over time, a review of the current pest management strategy will be undertaken, adjusting the control setup if deemed necessary.

Baiting on the Maunga is carried out in accordance with best practice standards, four times a year, in February, April, August, and November. Regularly scheduled monitoring will continue to track trends in pest animal abundance and support informed pest animal management decisions.

Lockable pest control stations are used across the Maunga. These stations are designed to securely house both bait and rat traps, complying with health and safety standards while supporting efficient and targeted pest management.

Note: Maungauika, Takarunga and Matukutūruru have been excluded for this dataset, as there has been a change in delivery model for pest animal control works. As a result, the April bait pulse was not undertaken on these maunga. Pest animal control works have since resumed under a new contract, with baiting completed as part of the August 2026 pulse.

3.0 FINANCIALS

3.1 Operating revenue and costs

TŪPUNA MAUNGA O TĀMAKI MAKĀURAU AUTHORITY

Operating Revenue and Expenditure for Quarter 4 as at 30 June 2026

	Actual Qtr 4 \$'000	Budget Qtr 4 \$'000	Variance Qtr 4 \$'000	Actual YTD \$'000	Budget YTD \$'000	Variance YTD \$'000
Operating Revenue	-100	-77	22	-384	-318	66
Operating Expenditure	1,546	1,337	-208	5,148	5,315	167
Governance Costs	61	60	-2	112	238	126
Net Operating Result	1,507	1,319	-188	4,876	5,235	359

TŪPUNA MAUNGA O TĀMAKI MAKĀURAU AUTHORITY

Operating Revenue and Expenditure for Quarter 4 as at 30 June 2026

	Actual Qtr 4 \$'000	Budget Qtr 4 \$'001	Variance Qtr 4 \$'000	Actual YTD \$'000	Budget YTD \$'000	Variance YTD \$'000
Fees and user charges revenue	-27	-15	12	-64	-61	3
Property rental revenue	-72	-62	10	-320	-257	62
Operating Revenue	-100	-77	22	-384	-318	66
Repairs and maintenance & Outsourced works	1,111	900	-212	2,817	2,640	-177
Professional services	22	38	16	69	141	71
Other expenditure on activities	412	399	-13	2,261	2,534	273
Operating Expenditure	1,546	1,337	-208	5,148	5,315	167
Governance Costs	61	60	-2	112	238	126
Net Operating Result	1,507	1,319	-188	4,876	5,235	359

Financial Commentary:

Operating Revenue for the year ended 30 June 2026 was slightly favourable due to lease income at market rates which was higher than budget.

Operating Expenditure for the year ended 30 June 2026 was lower than budget due to professional fees and staff costs, offset by higher water and electricity expenses.

3.2 Capital projects

TŪPUNA MAUNGA O TĀMAKI MAKĀURAU AUTHORITY

Capital Expenditure for Quarter 4 as at 30 June 2026

	Actual YTD \$'000	Budget YTD \$'000	Variance YTD \$'000	FY Budget (incl c/fwd) \$'000
Total Capital Projects	8,755	10,434	1,679	10,434

Financial Commentary:

Capital Expenditure for the year ended 30 June 2026 was at about 84% of budget and is a good result by the team.

Tūpuna Maunga Planting Update 2026

Author/s :

Jenny Gollin, Kaihautu Tiaki Koiora / Conservation Advisor

Niwa van Leeuwen: Kaihautū Tiaki Koiora / Conservation Advisor

Purpose

1. To update the Tūpuna Maunga Authority on the 2026 restoration planting programme.

Recommendation

That the Tūpuna Maunga Authority:

- a. tuhi tīpoka / note the report.

Background

Restoration Planting Programme

2. Key principles in the Tūpuna Maunga Integrated Management Plan are:
 - a. To highlight the importance of restoring the Tūpuna Maunga with indigenous ecosystems,
 - b. To reintroduce and attract indigenous and culturally appropriate species, and
 - c. To nurture and enhance the living connections between the Tūpuna Maunga and other areas of indigenous biodiversity in Tāmaki Makaurau.
3. To reflect these principles, the ongoing restoration programme of planting native plants on the Tūpuna Maunga continues.

Statutory Context

4. Section 109(2) of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act requires the Authority to have regard to the spiritual, ancestral, cultural, customary, and historical significance of the Maunga to Ngā Mana Whenua o Tāmaki Makaurau, and that the Tūpuna Maunga are held in trust for Ngā Mana Whenua and the other people of Auckland.
5. Any decision to determine management within a reserve must take into account the legislative and policy framework.
6. The Authority administers the Tūpuna Maunga under the Reserves Act 1977 and pursuant to Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014. The Hauraki Gulf Marine Park Act 2000 is also relevant. The activities of the Scouts are consistent with the reserve classification.
7. Section 109(2) of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 requires the Authority to have regard to the spiritual, ancestral, cultural, customary, and historical significance of the Maunga to Ngā Mana Whenua o Tāmaki Makaurau and that the Tūpuna Maunga is held in trust for Ngā Mana Whenua and the other people of Auckland.

Item 4.2

8. The Tūpuna Maunga Authority's Integrated Management Plan (IMP) was adopted by the Authority in terms of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 and the Reserves Act 1977. The Integrated Management Plan describes a series of "Values" and "Pathways" that guide all activities on the Tūpuna Maunga. The primary focus of the IMP is to protect the health and well-being of the Tūpuna Maunga.
9. The Tūpuna Maunga Authority adopted the Tūpuna Maunga Strategies at Hui 50 on 25 September 2020. The Tūpuna Maunga Strategies are 7 key sections that outline the strategic direction with regards to education, Biodiversity, Tūpuna Maunga design, Recreation, commercial activities and monitoring. Together with the IMP, these strategies inform guide and manage the activities undertaken on the Maunga.

Discussion

10. At the end of this planting season, a total of 34,178 plants were planted across the Maunga network between May-September 2026. These plantings are additional to the 252,945 plants already planted over the last 6 years (a total of 287,123 plants). Please note the total planting number for 2026 may be slightly higher (approx. 200-300 plants) at the end of September due to some contractor infill plantings still to be completed when this report was written.
11. The table below details the total plants planted this year

Tūpuna Maunga	Total plants	Community/School planting	Contractor/Volunteer Group
Ōtāhuhu / Mount Richmond	4,964		4,964 contractor planting including 480 infill plants
Ōhinerau / Mount Hosbon	4,482		4,482 contractor planting including 2,245 infill plants
Te Tātua a Riukiuta / Big King	6,032	2,230 (Community) 993 (School)	2,809 contractor and volunteer group planting which includes 6x 160L Pūriri specimen trees, 1,131 of these were infill plants
Te Pane-o-Mataaho / Māngere Mountain	5,677	2,478 (Community) 1092 (School)	2,107 contractor planting which includes 2x 160L Pūriri specimen trees, 1,545 of these were infill plants
Matukutūruru / Wiri Mountain	2,962	900 (School)	2,062 contractor planting includes infill plants
Takarunga / Mt Victoria	96		96 contractor infill planting
Pukewīwī / Mt Roskill	657		650 Contractor infill, 7x 1000-2000L specimen trees contractor planting (Nīkau and Tī kouka)

Item 4.2

Tūpuna Maunga	Total plants	Community/School planting	Contractor/Volunteer Group
Maungawhau / Mt Eden	335		335 (Friends of Maungawhau Community Group)
Ōhūiarangi / Pigeon Mountain	450		450 contractor Infill planting
Ōwairaka / Mt Albert	535		535 contractor infill planting
Te Kōpuke / Mt St John	4,034	534 (School) 2820 (Community)	680 contractor plantings no infill
Maungarei / Mt Wellington	3,894	600 (School) 2000 (Community)	1,294 contractor plantings which includes 4x 160L Pūriri specimen trees
Maungakiekie / One Tree Hill	60		60 Contractor planting no infill

Item 4.2

12. The Maunga were planted with appropriate plant species within the guidance of ecosystem type, site suitability, fire retardant and archaeologically appropriate species.
13. Management held four community planting days across the Maunga network; Te Pane o Mataoho / Māngere Mountain, Te Tātua a Riukiuta / Big King, Te Kōpuke/ Mt St John and Maungarei / Mt Wellington.
14. Five school plantings were carried out across the Maunga network; with Te Kura Kaupapa Māori a rohe o Māngere on Te Pane o Mataoho/ Māngere Mountain, Three Kings School on Te Tātua a Riukiuta / Big King, Dilworth school on Te Kōpuke / Mt St John, Ruapōtaka Primary School on Maungarei/Mt Wellington and Te Wharekura o Tāmaki ki te Tonga on Matukutūruru / Wiri Mountain.
15. The Friends of Maungawhau and Friends of Te Tātua a Riukiuta community groups carried out plantings on Maungawhau and Te Tātua a Riukiuta with plant supply and support provided by the Authority.
16. Tūpuna Maunga Management staff hosted all planting days, welcoming volunteers and providing a tutorial for first-time planters. Each planting day concluded with a barbecue or small kai.
17. All planting dates including back-up dates were best aligned with The Maramataka.
18. For health and safety reasons, there are areas on Maunga where planting could only be undertaken using specialist contractors.
19. The multi-year planting programme will continue in 2027 and onwards.

Key Highlights

20. The 2026 planting season saw significant growth in participation, community engagement and partner involvement across the Tūpuna Maunga network.

21. Community planting days attracted 519 volunteers across the four Maunga, including record attendance at Te Pane o Mataoho / Te Ara Pueru / Māngere Mountain (137 volunteers) and Maungarei / Mt Wellington (162 volunteers), an increase from 340 people attending in 2025.
22. School participation was 218 students across the five Maunga in 2026, an increase from 55 students across one planting day in 2025. This season included the Authority's first planting events with Kura Kaupapa Māori.
23. Māori participation increased from 6% to 11% of survey respondents, while Pasifika participation increased from 0% to 7%.
24. Participation was also strong across Asian, Indian and other diverse communities, reflecting the broad appeal of the restoration programme.
25. Survey feedback highlighted biodiversity restoration, mana whenua leadership, cultural learning and community connection as key drivers of participation and satisfaction.

Partnerships

26. The 2026 planting programme was supported by a range of partners including mana whenua, schools, community organisations, contractors and nurseries.
27. Te Ākitai Waiohū provided cultural leadership across planting events through whakatau, karakia and the sharing of mātauranga Māori. Ngāti Paoa participated in the Maungarei / Mt Wellington planting day and expressed interest in developing a kaitiaki rūpū to support future restoration and monitoring activities.
28. The school planting programme was delivered in partnership with Auckland Council's Sustainable Schools team, which supported school engagement and secured an \$8,000 grant from the Toimata Foundation. Additional support from the Parks and Community Facilities Māori Outcomes team enabled greater engagement with Kura Kaupapa Māori.
29. E Tū Rākau provided kai and refreshments at community planting events and supported low-waste objectives through event waste management.
30. Plants were provided from several different nurseries, majority of these were iwi or community run nurseries. Approximately 12,000 plants were sourced from iwi run nurseries – Ngāti Whātua Ōrakei Pourewa Nursery and Makaurau Marae Nursery and the remainder were sourced from Kaipātiki Project, Restoring Takarunga Hauraki and Te Whāngai Trust.
31. The Eastern Bays Songbird Project partnered with the Authority at Maungarei / Mt Wellington to promote backyard trapping initiatives and distributed 30 pest traps to local households, supporting broader biodiversity outcomes beyond the planting programme.

Item 4.2

Auckland Archery Lease

Author/s :

Carl Tate, Kaiwhakahaere Tupuna Maunga
Lucia Kohler, Kaihautu Hotaka

Purpose

1. To consider a potential lease to the Auckland Archery Club Lease on Maungakiekie/One Tree Hill.

Recommendation

That the Tūpuna Maunga Authority:

- a. In principle, tuku / grant, subject to completion of statutory processes, including public notification under s119 of the Reserves Act 1977, a lease to Auckland Archery Club (Attachment A) subject to the following terms and conditions:
 - i. Term – Five (5) years plus 2x Five (5) years Right of Renewal, commencing on 1 November 2026.
 - ii. Rent at a market rental as determined by a registered valuer based on final site area measurements and required days of operation.
 - iii. Maunga Outcomes plan be prepared and attached as a schedule to the lease agreement.
 - iv. Any relevant building and resource consents are granted.
 - v. All other terms and conditions in accordance with Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 and the Reserves Act 1977 and the Tūpuna Maunga Authority standard form lease agreement.
- b. if required, tāpae / delegate to Co-Chairpersons and deputy chairperson the power to appoint a hearings panel pursuant s 120 of the Reserves Act 1977 to consider and hear any submissions received and make a decision on the lease.
- c. tāpae / delegate to Co-Chairpersons and Deputy Chair the power to execute a lease, including a Maunga Outcomes Plan, with lessee on the terms and conditions set out in resolution (a).
- d. tāpae /delegate to the Co-Chairpersons and Deputy Chair the power to agree to terms governing the termination arrangements of lessee should they decide not to accept the new lease.

Background

2. The Auckland Archery Club (the Club) is occupying part of Maungakiekie/One Tree Hill that is a Recreation Reserve. The tenant owns and maintains the buildings that they occupy.
3. At Hui 62 (22 February 2021) the Tupuna Maunga Authority resolved to grant a renewal of lease to the Auckland Archery Club for the initial term of 1 year, this term has ended on

Item 4.3

30 November 2023. Archery range is used 5 days, on Tuesdays, Wednesdays, Fridays, Saturdays, Sundays and on public holidays that fall on a Monday. Archery Club has been on the Maunga since 1946 and they have 460 members.

4. At Hui 101 (4 August 2025) the Tūpuna Maunga Authority resolved reduce archery activity on the Maunga from two sites to one at Maungakiekie / One Tree Hill and negotiate the lease with Auckland Archery.
5. Following the high winds on 1 September 2025, we were advised that one of the large Macrocarpa trees had fallen onto the Auckland Archery Club, causing significant damage to the clubhouse building. The clubhouse is owned by the Auckland Archery Club. The Club's insurance claim has been accepted, and they have received the first settlement.

Statutory Context

6. Any decision to determine management within a reserve must take into account the legislative and policy framework.
7. The Authority administers the Tūpuna Maunga under the Reserves Act 1977 and pursuant to Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014. The Hauraki Gulf Marine Park Act 2000 is also relevant. The activities of the Scouts are consistent with the reserve classification.
8. Section 109(2) of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 requires the Authority to have regard to the spiritual, ancestral, cultural, customary, and historical significance of the maunga to Ngā Mana Whenua o Tāmaki Makaurau and that the tūpuna maunga is held in trust for Ngā Mana Whenua and the other people of Auckland.
9. The Tūpuna Maunga Authority's Integrated Management Plan (IMP) was adopted by the Authority in terms of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 and the Reserves Act 1977. The Integrated Management Plan describes a series of "Values" and "Pathways" that guide all activities on the Tūpuna Maunga. The primary focus of the IMP is to protect the health and well-being of the Tūpuna Maunga.
10. The Tūpuna Maunga Authority adopted the Tūpuna Maunga Strategies at Hui 50 on 25 September 2020. The Tūpuna Maunga Strategies are 7 key sections that outline the strategic direction with regards to education, Biodiversity, Tūpuna Maunga design, Recreation, commercial activities and monitoring. Together with the IMP, these strategies inform guide and manage the activities undertaken on the Maunga.

Reserves Act 1977 considerations

11. Section 54 of the Reserves Act 1977 sets out the Authority's powers in relation to leasing on a recreation reserve.
12. There is a requirement to publicly notify an intention to lease land within a Recreation Reserve.
13. Section 53(1) of the Reserves Act allows the Authority to prescribe the games, sports and other activities for public recreation that may take place in any specified part of the Reserve. This section also allows the Authority to grant organisations exclusive use of parts of the reserve for a sporting or recreation purpose.

Discussion

Leases on Tūpuna Maunga

14. The Tūpuna Maunga o Tāmaki Makaurau Integrated Management Plan (IMP) describes a series of values and pathways that dictate decision-making on leases. The IMP places the health and well-being of the Tūpuna Maunga at the heart of all decisions.
15. Any leasing activity must be consistent with the IMP Tūpuna Maunga values and should actively promote those values. One step is a Maunga Outcomes Plan which forms part of all leases on Tūpuna Maunga.
16. A license to occupy provides for a short-term right to occupy a property for a particular purpose and allows for the use of the site by others outside the prescribed license times. Section 53(1) of the Reserves Act states that an agreement can be entered into for a license, but this does not apply to buildings unless they are of a temporary nature.

Auckland Archery Club

17. Archery is a sport where participants use a bow to shoot arrows at a target. Archery competitions are held at various levels, including local, national, and international events, including the Olympic Games. Archery is a sport that can be practiced by people of all ages, genders, and abilities, including those with disabilities. The Club has 400 members and has been on the Maunga since 1946.
18. The Club have submitted lease application with key points as follows:
 - a. Due to the significant investment (over 800,000) at the beginning of the lease the Club are seeking a new lease for a longer period to allow surety of terms and funding to be secured. Proposed Lease and Licence Areas are in attachment A.
 - b. The Club propose to rebuild in a new location to the beginning of the range clubhouse building (Area A) and add small storage to the end of the range for targets (Area B).
 - c. Archaeological assessment has not identified known archaeological features
 - d. Club propose to increase of the usage days from current 5 to 7. It is expected that current membership will continue to grow as archers seeking this accessibility move over to us from Mountain Green Archery club. To this end the club is already building a new booking system and developing new processes and procedures to facilitate this in a safe, and tightly regulated fashion.
 - e. The Club's Commitments:
 - i. Minimal earthworks and ground disturbance (including stormwater and wastewater solutions)
 - ii. Immediate cessation of works if archaeological material is discovered
 - iii. Collaboration with TMA, mana whenua and Heritage New Zealand.
 - iv. Design and process that respects the significance of Maungakiekie.
19. The Club have completed their Maunga outcomes plan, activities contribute towards the Maunga values, and they collaborate with Tūpuna Maunga team on programmes. The Kōperepere ki te Rangi, Rangatahi ki te Whenua programme is introducing archery experience in Te Reo Māori with Te Kura Kaupapa Māori a Rohe o Māngere. At the centre of this kaupapa are the aspirations of the kura, enhancement and uplifting the mana of our tauira through learning experiences that reflect who they are.

Item 4.3

Additional Lease Conditions

Access

20. The range is accessed from the private Cornwall Park Trust Land. Any use of Cornwall Park land or facilities for servicing and operational purposes requires separate landowner approval from Cornwall Park Trust (i.e. carpark and toilets).

Carparking

21. The Club may use Tūpuna Maunga Authority public carparks, these may be used by the club alongside the members of the public.

Toilets

22. Facilities for the club use are incorporated into the clubhouse design. Medium to large events will require delivery of additional Portaloo's on site. Temporary toilets are to be situated on Tūpuna Maunga Authority boundary.

Landowner approval

23. Should the lease be approved, the Club will be required to obtain landowner approval from Tūpuna Maunga Authority for the clubhouse and shed construction and relevant consents. The approval will set out detailed requirements to be met before, during, and after construction. All requirements will be subject to the prior review and approval of the Kaiwhakahaere Tūpuna Maunga Operations and, where applicable, the Cornwall Park Trust.

Key Terms

Term

24. Given the above context management proposes to offer a lease for the proposed building and storage (Shown as Area A and B in the Attachment A) and a license to occupy for the outdoor range area (Area C in the Attachment A) for a term of 5 years plus 2x 5 years of renewal commencing on 1 November 2026.
25. Operating hours are set out 5 days per week during following times: spring/summer 7am to 9pm and autumn/winter 7am to 6pm.

Rental

26. Rent at a market rental as determined by a registered valuer based on final site area measurements and required days of operation.

Next Steps

27. If a lease is to be offered, management will engage in public notification process.

Auckland Archery Site Plan at Maungakiekie / One Tree Hill

Research Scholarship 2026-2027

Author/s :

Challen Wilson – Te Pūtātara Waka Tairanga Whenua / Co-Governance Manager
Communication and Engagement

Rebecca Poi, Apiha Whakaae Kaupapa / Permit Processing and Engagement Officer

Purpose

1. To consider the Tūpuna Maunga Research Scholarship grants for 2026/2027.

Recommendation

That the Tūpuna Maunga Authority:

- a. tuhi tīpoka / note the report.
- b. toha / allocate the Tūpuna Maunga Authority Research Scholarship grants for 2026/2027.

Background

2. The Tūpuna Maunga Research Policy was adopted at Hui 71 (14 February 2022).
3. Alongside the policy, the Tūpuna Maunga Authority agreed to make up to \$10,000 available annually to contribute to research projects deemed to be beneficial for the Tūpuna Maunga. This funding can be allocated to one or more applicants.
4. The updated Tūpuna Maunga Research Policy was adopted at Hui 105 (25 May 2026). The updated policy states TMA's willingness to enter in partnerships with value-aligned businesses and organisations for the purpose of funding research on the Tūpuna Maunga.
5. A partnership between TMA and the Māori Education Trust (MET) was approved at Hui 105 (25 May 2026). This partnership increased the overall amount of money within the Tūpuna Maunga Authority Research Scholarship, through MET's commitment to matching TMA's funding for Māori scholarship recipients. This will increase available funding to up to \$20,000 per year, from the 2026/27 round onwards.
6. Aims of the scholarship include:
 - a. provide opportunities for public to engage with the maunga as a space of learning and discovery,
 - b. support student learning, and
 - c. help gather detailed, site-specific information which supports effective management of the maunga.
 - d. The allocation of scholarship funding occurs within the criteria of the Research Policy.

Statutory Context

7. All decisions of the Authority must consider the legislative and policy framework.

8. Section 109(2) of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 requires the Authority to have regard to the spiritual, ancestral, cultural, customary, and historical significance of the Maunga to Ngā Mana Whenua o Tāmaki Makaurau and that the Tūpuna Maunga is held in trust for Ngā Mana Whenua and the other people of Auckland.
9. The Tūpuna Maunga Authority's Integrated Management Plan was unanimously adopted (Mana Whenua and Auckland Council members) by the Authority pursuant to the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 and Reserves Act 1977. The Integrated Management Plan describes a series of "Values" and "Pathways" that guide all activities on the Tūpuna Maunga.
10. The Tūpuna Maunga Authority (Mana Whenua and Auckland Council members) unanimously adopted the Tūpuna Maunga Strategies at Hui 50 on 25 September 2020. The Tūpuna Maunga Strategies outline the strategic direction with regards to education, biodiversity, design, recreation, commercial activities and monitoring. Together with the IMP, these strategies inform guide and manage the activities undertaken on the maunga.
11. The Authority administers the Tūpuna Maunga under the Reserves Act 1977 and pursuant to Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014. The Hauraki Gulf Marine Park Act 2000 is also applicable in relation to Maungauika.
12. Within the monitoring strategy, mechanisms are outlined which enable the education strategy to be implemented. This includes creation of a list of research projects for tertiary students to undertake as part of their qualifications.

Item 4.4

Discussion

Overview of scholarship round

13. Management communicated the scholarship through the maunga.nz website, the Love Your Maunga social media channels and targeted promotion to stakeholders and interested parties.
14. The Māori Education Trust communicated the Research Scholarship through their social media channels.
15. A letter communicating the commencement of the scholarship round was sent to mana whenua and members of the Authority on 15 June 2026. A letter communicating the commencement of the scholarship round was sent to other interested parties, including tertiary education organisations on 29 June 2026.
16. The scholarship application period was from 29 June 2026 to 30 August 2026.
17. Nine applications were completed and received during the grant round. Of the nine applications, seven were solely for the research scholarship, and two were for both the research scholarship and the residency.
18. As agreed by the Authority at Hui 71, the scholarship application was initially reviewed by management to determine its suitability and alignment with Tūpuna Maunga values.

19. An internal evaluation panel and process were established to review and assess applications. The panel, made up of four kaimahi, individually evaluated each submission using an evaluation form. The evaluation approach was supported by a tiered marking system based on key criteria aligned to the Integrated Management Plan, Strategies, and Values.
20. The panel met to share their insights and collaboratively decide on the recommended successful applications and the corresponding funding amounts.
21. Due to the partnership with MET, some applicants were also eligible for funding from MET.
22. The panel has recommended that four applications are funded.

Next steps

23. If the Authority approves the scholarships granted, management will inform all applicants of the outcome. Management will then work alongside the successful applicants to ensure the research is undertaken successfully, and in accordance with the permitting conditions.

Item 4.4

Residency 2026-2027

Author/s :

Challen Wilson – Te Pūtātara Waka Tairanga Whenua / Co-Governance Manager
Communication and Engagement

Rebecca Poi, Apiha Whakaae Kaupapa / Permit Processing and Engagement Officer

Purpose

1. To consider the Tūpuna Maunga Residency applications for 2026/2027.

Recommendation

That the Tūpuna Maunga Authority:

- a. note / tuhi tīpoka the report.
- b. allocate / toha the Tūpuna Maunga Authority Residencies for 2026/2027.

Background

Background

2. At Hui 105 (25 May 2026) the Authority approved Management to administer an annual residency in partnership with the Michael King Writers Centre (The Centre), from 2026 onwards.
3. The programme is designed to support researchers, writers, creatives and specialists undertaking projects while connecting with the Maunga environment and wairuatanga.
4. The Michael King Writers Centre (The Centre) is overseen by the Michael King Writers Studio Trust. The Trust and the Centre were established in 2005, a year after historian and writer Michael King died in a car accident.
5. The Centre occupies an area of Takarunga/Mount Victoria which is classified as a Local Purpose Reserve.
6. There are two residencies available each year. Each residencies includes a two-week stay at Signalman's Cottage on Takarunga / Mount Victoria, and a stipend paid at living wage.

Statutory Context

7. All decisions of the Authority must consider the legislative and policy framework.
8. Section 109(2) of Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 requires the Authority to have regard to the spiritual, ancestral, cultural, customary, and historical significance of the Maunga to Ngā Mana Whenua o Tāmaki Makaurau and that the Tūpuna Maunga is held in trust for Ngā Mana Whenua and the other people of Auckland.

9. The Tūpuna Maunga Authority's Integrated Management Plan was unanimously adopted (Mana Whenua and Auckland Council members) by the Authority pursuant to the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 and Reserves Act 1977. The Integrated Management Plan describes a series of "Values" and "Pathways" that guide all activities on the Tūpuna Maunga.
10. The Tūpuna Maunga Authority (Mana Whenua and Auckland Council members) unanimously adopted the Tūpuna Maunga Strategies at Hui 50 on 25 September 2020. The Tūpuna Maunga Strategies outline the strategic direction with regards to education, biodiversity, design, recreation, commercial activities and monitoring. Together with the IMP, these strategies inform guide and manage the activities undertaken on the maunga.
11. The Authority administers the Tūpuna Maunga under the Reserves Act 1977 and pursuant to Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014. The Hauraki Gulf Marine Park Act 2000 is also applicable in relation to Maungauika.
12. Within the monitoring strategy, mechanisms are outlined which enable the education strategy to be implemented. This includes creation of a list of research projects for tertiary students to undertake as part of their qualifications.

Item 4.5

Discussion

Overview of residency round

13. Management communicated the scholarship through the maunga.nz website, the Love Your Maunga social media channels and targeted promotion to stakeholders and interested parties.
14. A letter communicating the commencement of the residency round was sent to mana whenua and members of the Authority on 15 June 2026. A letter communicating the commencement of the scholarship round was sent to other interested parties, including tertiary education organisations on 29 June 2026.
15. The residency application period was from 29 June 2026 to 30 August 2026.
16. Four applications were completed and received during the grant round. Residency applications were initially reviewed by management to determine its suitability and alignment with Tūpuna Maunga values. Of these four, two applications were for both the residency and the research scholarship, and two applications were solely for the residency.
17. An internal evaluation panel and process were established to review and assess applications. The panel, made up of four kaimahi, individually evaluated each submission using an evaluation form. The evaluation approach was supported by a tiered marking system based on key criteria aligned to the Integrated Management Plan, Strategies, and Values.
18. The panel met to share their insights and collaboratively decide on the recommended successful applications.
19. The panel has recommended that two applicants are awarded the residencies for 2026/2027.

Next steps

20. If the Authority approves the residencies, management will inform all applicants of the outcome and work alongside the successful applicant/s and The Centre to ensure that residencies are delivered successfully.

Item 4.6

Health and Safety Register

Hui reported to	Maunga	Summary of incident	Number of any near misses	Outcome of investigations into any incidents and near misses	Health and Safety management matters arising	Actions Taken
Hui 108	Maungawhau	A security incident occurred at Friends and Whau Café on 17 August and was reported in Auckland Council's DoneSafe on 19 August. A rough sleeper had been accessing the area around the café and Visitors Centre and became aggressive towards one of the café workers. Police attended and asked him to leave the area. The incident lasted approximately three hours, and some of the younger café workers were left shaken. This member of the public continued to come back to the café area until he was trespassed from the maunga.		TMA management met café management on site to talk through the incident. A member of the café staff was grabbed but managed to lock all doors during the incident. In subsequent days, management ensured that managers were on site with staff and they avoided engaging with the person in question. Reconfirmed process to call TMA as soon as an incident like this happens so that we can escalate through appropriate channels.	TMA management to review process at our leased buildings in the event of an aggressive member of public. Also require a review of our risk registers and associated risks.	TMA management met café management on site to talk through the incident, it was also recorded in Donesafe. In the subsequent days, management were in contact with Police and were able to have the person in question trespassed from the maunga. All belongings were allowed to be picked up and removed. Onsite security was also hired through the FFM contract, for a static guard in the morning and evening to ensure this member of the public did not come back and threaten the staff.
Hui 108	Maungarei	Potential asbestos-containing material was identified at Maungarei during a planting day and reported in DoneSafe. Substance was isolated from the public and bagged in a ziplock container.		The potential asbestos find was reported in DoneSafe under hazardous substances.	When a potential asbestos containing material is found, the area is isolated from the public and the wider area around the find is excluded from further foot traffic. PPE is utilised to bag material (if a small enough size). In this case, it was.	The potential asbestos find was reported in DoneSafe. No other material was discovered during the planting day (outside of the exclusion zone). Reconfirmed accidental discovery protocol.
Hui 108	Maungauika	A rough sleeper had accessed the Maungauika Barracks. During a site visit on 12 August with Green by Nature, personal belongings were found inside the barracks, and a door was identified as potentially damaged. No damage to the building was identified.		The site was checked and no damage to the building was identified. Personal belongings found inside indicated that the barracks may have been accessed without authorisation. TMA management concluded that the locking mechanism had a weak point that was susceptible to tampering.	The barracks will be checked during future site visits to make sure there are no further access issues.	The lock and PIN were changed to prevent unauthorised access and reduce the risk of rough sleepers entering the barracks. A locking plate was installed on the lock to mitigate tampering. There has been no break ins, since.
Hui 108	Maungawhau	A 2–3 tonne volcanic boulder fell from the lower slopes of Maungawhau, within the AT transport corridor, onto Clive Road on Sunday morning 30 August. The boulder damaged part of a retaining wall and blocked the footpath and road. Clive Road was temporarily closed while the site was inspected and the wall repaired. The road has since reopened.		Auckland Transport inspected the site after the rockfall and identified an older dry-stack stone wall in poor condition, with several loose or displaced stones. At least three sections of the wall were rebuilt, and loose stones were removed from the site. Localised rock removal and vegetation work were also carried out. No injuries were reported.	No injuries were reported, but the incident could have posed a significant risk to members of the public. Further work is needed within the road corridor to mitigate these risks, alongside investigation within the maunga legal boundary to identify potential risks.	Clive Road was temporarily closed while the site was inspected and works were completed. The road has since reopened. TMA management, Council and AT will work collaboratively to assess the wider area for geotechnical concerns and work to implement any actions that come out of these assessments.
Hui 108	Te Tātua a Riukiuta	Children at a planting day dug up a piece of asbestos and brought it to TMA staff. Staff then immediately bagged the item and isolated the area from the rest of the planting area. Incident logged in DoneSafe.		Specimen was sent for testing and came back as Chrysotile (white asbestos).	Incident was escalated through donesafe to senior HSW business partner within PCF. These types of incidents were added to SSSP's for future planting days (with particular focus on planting areas that had historical assets).	Donesafe report logged, specimen sent for testing that came back as positive for asbestos. Planting day SSSP's were updated to ensure accidental asbestos discovery was included.
Hui 107	No health and safety incidents reported since the previous hui.					
Hui 106	Te Tātua-a-Riukiuta	While the Green by Nature kaimahi was undertaking bamboo removal works on Te Tātua a Riukiuta adjacent to the Connolly Avenue footpath, the kaimahi sustained lacerations and cuts to both forearms while cutting bamboo back from the maunga bank to improve access along the		The incident was assessed as a preventable minor injury. Existing controls were reviewed and additional preventative measures have been recommended to reduce the likelihood of similar incidents occurring during future vegetation maintenance activities.	Injuries to kaimahi were sustained from this incident.	A toolbox talk will be undertaken with all kaimahi involved in vegetation maintenance activities on the maunga, focusing on vegetation removal hazards, correct PPE use, safe cutting techniques, and the requirement to complete a pre-start risk assessment before commencing similar works. This will help minimise the

Hui reported to	Maunga	Summary of incident	Number of any near misses	Outcome of investigations into any incidents and near misses	Health and Safety management matters arising	Actions Taken
		footpath leading to the residential cul-de-sac. The kaimahi observed abrasions to their forearms following the incident.				likelihood of further laceration injuries while maintaining safe access and environmental outcomes.
Hui 105	Maungawhau	On 1 May, an incident occurred where a parked van on the Clive Road exit had its back window smashed and broken into. She was a tourist, and it appears that her possessions were found nearby and thrown in the rubbish bin at the hospital.		The tourist reported the incident to the police.	Potential risk to manuhiri.	Management is considering signage to raise awareness and prevent similar incidents from occurring again.
Hui 103	Maungawhau	Serious incident in the afternoon on 5 February involving two pedestrians and a vehicle which resulted in injuries. A tourist minibus/van was disembarking passengers behind the toilet block, where a car was following closely behind. While the pedestrians were crossing the road, two of them were hit by the car.		This serious incident was caused by the minibus driver's actions of not parking in the allocated bus bays on the Maunga. As such, the investigation is ongoing and a police incident report has been logged.	Injuries to passengers were sustained from this incident.	The TMA operations team has contacted Police for more information about this incident. Summer Field Officers will monitor the area during busy periods on the Maunga, communications will be sent out to bus companies that operate on the Maunga regarding improper offloading of passengers and where they need to be stopping.
