Ngā Tūpuna Maunga o Tāmaki Makaurau

The ancestral mountains of Auckland

It is the rich history of Māori connection to the Maunga (volcanoes) of Tāmaki Makaurau / Auckland, unbroken over time, that sets them apart from any other volcanic landscape in the world.

As Māori established here, the Maunga were valued as natural places for pā (settlements), with their rich volcanic soils and their unique form and height for easy defence. The number of Maunga pā across Tāmaki Makaurau made it an important region of Māori social organisation and a main location for trade between tribes throughout Aotearoa / New Zealand.

The Maunga are central to the spiritual and cultural identity of Māori.

A defining principle in te ao Māori (the Māori world) is kinship. All the myriad elements of creation – the living and the dead, the animate and inanimate – are inter-related. All are infused with mauri (life force) and wairua (spirit), and all are related through whakapapa (common descent) from Ranginui (Sky Father) and Papatūānuku (Earth Mother).

In Māori culture, the people of a place are related to its mountains, rivers and species of plant and animal, and regard them in personal terms. Wairuatanga (spiritual

connections) between people and the natural world is an integral part of traditional Māori cultural practices.

Tikanga (protocols) have been established over time to ensure that resources are harvested sustainably and that the relationship with the natural environment remains balanced. The Maunga, as with all of the natural environment, are governed by fundamental values such as kaitiakitanga (guardianship), manaakitanga (care and generosity) and utu (reciprocity) which reinforce a sense of belonging and social cohesion.

To Nga Mana whenua o Tāmaki Makaurau (the Māori tribes of Auckland), the Maunga are living entities with mauri and wairua. They are regarded as Tūpuna (ancestors), and as taonga tuku iho (treasures to be handed down the generations).

In recognition of the deep spiritual, cultural and customary connection between the Maunga and the Māori people of this land, the Auckland volcanic field heads New Zealand's working list for World Heritage status with the United Nations Educational, Scientific and Cultural Organisation (UNESCO).

The Tūpuna Maunga Redress

The Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Settlement is an outcome of Mana Whenua and the Crown settling historical Treaty of Waitangi breaches. The settlement recognises that the Tūpuna Maunga are taonga in relation to which Mana Whenua have always maintained a unique relationship and honours their intergenerational role as kaitiaki (guardians).

In July 2014, the Collective Redress Act was passed. The Act vested the Crown-owned land of 14 Tūpuna Maunga in Ngā Mana Whenua o Tāmaki Makaurau, on the basis that they are held in trust for the common benefit of the iwi/hapū of Ngā Mana Whenua o Tāmaki Makaurau and the other people of Auckland.

The Tūpuna Maunga are owned by the 13 iwi/hapū of Ngā Mana Whenua o Tāmaki Makaurau via the Tūpuna Taonga o Tāmaki Makaurau Trust.

THE 14 TŪPUNA MAUNGA ARE:

Matukutūruru/Wiri Mountain

Maungakiekie/One Tree Hill

Maungarei/Mount Wellington

Maungauika/North Head

Maungawhau/Mount Eden

Ōhinerau/Mount Hobson

Ōhuirangi/Pigeon Mountain

Puketāpapa/Pukewīwī/Mount Roskill

Rarotonga/Mount Smart *

Takarunga/Mount Victoria

Te Kōpuke/Tītīkōpuke/Mount St John

Te Tātua a Riukiuta/Big King

Under the Act each Tūpuna Maunga was declared a reserve and the Tūpuna Maunga Authority was appointed as the administering body for the majority of the Maunga for the purposes of the Reserves Act 1977.

THE EXCEPTION IS:

- Rarotonga /Mount Smart which is vested in the Taonga Trust and administered by Auckland Council (Regional Facilities Auckland) under the Mount Smart Regional Recreation Centre Act 1985 and Reserves Act 1977.

The Collective Redress Act also transferred the administration of the following reserve land retained in Crown ownership to the Tūpuna Maunga Authority:

NGĀ MANA WHENUA O TĀMAKI MAKAURAU

Ngā Mana Whenua o Tāmaki Makaurau is the collective name of the 13 iwi/hapū with historical Treaty claims in the wider Tāmaki Makaurau. The iwi/hapū are grouped into the following three rūpū:

- Marutūāhu Rōpū: Ngāti Maru, Ngāti Pāoa, Ngāti Tamaterā, Ngāti Whanaunga, Te Patukirikiri;
- Ngāti Whātua Rōpū: Ngāti Whātua o Kaipara, Ngāti Whātua Ōrākei, Te Rūnanga o Ngāti Whātua; and
- Waiohū Tāmaki Rōpū: Ngāi Tai ki Tāmaki, Ngāti Tamaoho, Ngāti Te Ata, Te Ākitai Waiohū, Te Kawerau ā Maki.

The collective approach recognises that the iwi and hapū have various shared customary interests within Tāmaki Makaurau such that a collective settlement approach is appropriate. It also provides for the greater exercise of whanaungatanga and kotahitanga between the iwi/hapū.

The sections for each of the Tūpuna Maunga within this document show the individual iwi and hapū customary association with that Tūpuna Maunga as recorded in the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Deed of Settlement.

TŪPUNA TAONGA O TĀMAKI MAKAURAU TRUST

The Tūpuna Taonga o Tāmaki Makaurau Trust (Trust) was set up to receive the Tāmaki Collective cultural redress arising out of the Collective Redress Act.

The Trust receives, administers, manages, protects and governs the assets of the Trust for and on behalf of the 13 iwi and hapū of Ngā Mana Whenua o Tāmaki Makaurau.

The Trust's Statement of Intent 2017/18 confirms the Trust's strategic objectives as:

- 1. Toitū te whenua, whatu ngarongaro te tangata**
Enduring protection and management of cultural redress properties
- 2. Tē tōia, tē haumatia**
A sustainable Trust that fulfils its purpose well
- 3. Toitū te kupu, toitū te mana, toitū te whenua**
A strong Mana Whenua presence and connection to cultural redress
- 4. Mā whero, mā pango ka oti ai te mahi**

TŪPUNA MAUNGA INTEGRATED MANAGEMENT PLAN

The Tūpuna Maunga Integrated Management Plan ("IMP") sets the foundations for how the Tūpuna Maunga are valued, protected, restored, enhanced, and managed in the future with equal consideration and reverence. The IMP established a set of Values for the Tūpuna Maunga which are outlined below.

The IMP was developed in accordance with Section 41 of the Reserves Act to provide for and ensure the use, enjoyment, maintenance, protection, preservation, and development as appropriate for the reserve purposes for which each of the Tūpuna Maunga is classified. This single integrated plan replaces the former separate legacy reserve management plans for the Tūpuna Maunga.

The IMP was approved in 2016 following a public consultation process and can be read online at www.maunga.nz.¹

TŪPUNA MAUNGA INTEGRATED MANAGEMENT PLAN STRATEGIES

The Tūpuna Maunga Integrated Management Plan Strategies are the next level of policy development for the Tūpuna Maunga and aim to support the Values and Pathways in the Tūpuna Maunga Integrated Management Plan 2016.

The IMP Strategies was approved in 2019 following a public consultation process and can be read online at www.maunga.nz.

TŪPUNA MAUNGA INDIVIDUAL MAUNGA PLANS

The Individual Maunga plans (Maunga Plans) are the final tier of policy development and complete the series of documents as part of the Integrated Management Plan Framework. The Plans give effect to the Values, Pathways, Guidelines and Strategies and provide further detail with regards to the work the Authority is undertaking to enhance the health and well-being of the Tūpuna Maunga. The Maunga Plans are living documents that can be updated in accordance with future Annual Operational Plans.

The first 3 draft Maunga Plans were adopted in late 2022. A public consultation process for these plans is running concurrently with the Annual Operational Plan 2023/2024.

¹ The IMP was amended in 2022 following another public consultation process to allow for the delivery of the Tūpuna Maunga restoration programme

Further Individual Maunga Plans will be developed over the course of the next Term of the Tūpuna Maunga Authority/

TŪPUNA MAUNGA VALUES

Within the Tūpuna Maunga Integrated Management Plan, the Tūpuna Maunga Authority has articulated a set of values of the Tūpuna Maunga. The values promote the statutory purpose of the Tūpuna Maunga under section 109 of the Collective Redress Act, where in exercising its powers and functions the Authority must have regard to the spiritual, ancestral, cultural, customary and historical significance of the Tūpuna Maunga to Ngā Mana Whenua.

The values provide a strategic framework to guide the Tūpuna Maunga Authority in making any decision about the Tūpuna Maunga.

The values weave together and give expression to mana whenua and other world views, and the connections and histories in a manner that highlights the way in which these views complement each other and create a richness to the relationship people have with the Tūpuna Maunga and multiple ways in which ways in which these relationships are thought of and expressed.

VALUE	PATHWAYS
WAIKUATANGA /SPIRITUAL	<ul style="list-style-type: none"> • Restore and recognise the relationship between the Maunga and its people. • Recognise the tihi is sacred. • Tread gently. • Treat the Maunga as taonga tuku iho – treasures handed down the generations.

The Tūpuna Maunga Authority Operational Plan

For each financial year the Tūpuna Maunga Authority and Auckland Council (council) must agree an operational plan. The plan outlines how council will carry out the routine maintenance of the Tūpuna Maunga (ancestral mountains) and administered lands under the direction of the Tūpuna Maunga Authority. This is a requirement under section 60 of the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 (the Collective Redress Act).

The operational plan outlines the work programme for the financial year, which comprises of a number of projects at a network and individual Maunga level. Importantly, the operational plan sets out how these individual projects contribute to delivery of the Tūpuna Maunga Authority's

objectives and vision for the Tūpuna Maunga by linking them to one or more of the Tūpuna Maunga Values in the Integrated Management Plan.

This Operational Plan covers the financial years 2023/24, 2024/25 and 2025/26 in detail. Network-wide budgets are shown for a number of programmes. Once the guidelines and strategies and individual Maunga plans have been developed, these will be able to be further refined to show spend on individual Maunga.

This Operational Plan also includes the funding envelope for the last 5 years of the Auckland Council 10 Year Budget (Long Term Plan) 2021-31.

FUNDING, REVENUE AND EXPENDITURE
22

Te Pane-o-Mataaho /Te Ara Pueru/ Māngere Mountain

Funding and revenue for the Tūpuna Maunga and administered lands may only be applied for the purposes of the Maunga and the administered lands.

Funding and revenue for the Maunga must be:

- Held and accounted for separately by council
- Applied by council under the direction of the Tūpuna Maunga Authority and in accordance with the annual operational plan

Every 3 years council must prepare and adopt a 10 Year Budget (Long Term Plan) which describes the activities of the council and forecast expenditure and funding requirements for the next 10 years.

The expenditure and funding requirements for the Maunga Authority for 10 years are included in the council's 10 Year Budget (Long Term Plan) 2021-31 are shown in Table 2.

This operational plan sets out the detailed expenditure and revenue for the 2023/24 and indicative financial information for 2023/24 and 2024/25. The annual operational plan for 2023/24 and the subsequent years fits within this funding envelope. The Tūpuna Maunga Authority manage the Maunga as a network. The individual Maunga sections set out maunga-specific costs for programmes and projects where these have been identified and scoped. The network-wide programmes require further project planning to determine how they will be applied to each Maunga.

Any budget variation associated with individual projects or network-wide programmes will be shared across the network in accordance with the priorities set out in Table 2 and kept within the total funding envelope.

OPERATIONAL EXPENDITURE

Net operating expenditure covers income and expenditure from day-to-day operations and services.

The operational expenditure shown in the individual Maunga sections is in future year dollar terms. The annual inflation rates applied are based on the rates used in the Auckland Council Long-term Plan 2021-2031.

CAPITAL EXPENDITURE

CAPITAL DEVELOPMENT PROJECTS

These are for the creation or purchase of new assets, typically to address growth in demand, changes to the required Level of Service and to be consistent with the Tūpuna Maunga values and pathways as identified in the Integrated Management Plan. Any new Capital Project to be delivered are identified under each Maunga.

Network-wide Revenue

There are a number of revenue-generating activities that occur on the Tūpuna Maunga. This revenue contributes to the protection and restoration of the Maunga and is incorporated into the net operational expenditure calculations.

CO-GOVERNANCE

The Act also established the Tūpuna Maunga Authority, a bespoke co-governance entity, to administer the Tūpuna Maunga.

The Authority has six representatives from Ngā Mana Whenua o Tāmaki Makaurau, six from Auckland Council. The term of the Authority aligns with the term of the Council.

Under the Act, the Tūpuna Maunga Authority is the administering body for each Maunga for the purposes of the Reserves Act 1977, with two exceptions of Maungauika / North Head and Rarotonga / Mount Smart.

Maungauika / North Head has previously been administered by the Crown (Department of Conservation) but has now been transferred to the Tūpuna Maunga Authority. Routine management is now undertaken by council under the direction of the Tūpuna Maunga Authority in the same way as for the other Maunga.

Responsibility for administration and management of Rarotonga / Mount Smart remains with Auckland Council (Regional Facilities Auckland) under the Mount Smart Regional Recreation Centre Act 1985 and Reserves Act 1977.

The Tūpuna Maunga Authority is also the administering body for Te Pane-o-Mataaho / Te Ara Pueru / Māngere Mountain and the Maungakiekie / One Tree Hill northern land.

The legislation provides for funding and staff resourcing through Auckland Council. The Authority is currently supported by a core team of eight council staff across the Governance and Parks and Community Facilities units.

The scale of this co-governance arrangement is unparalleled in Auckland and the resulting unified and cohesive approach to caring for the Maunga has garnered widespread support.

STRATEGIC FRAMEWORK:

TŪPUNA MAUNGA INTEGRATED MANAGEMENT PLAN

The Tūpuna Maunga Integrated Management Plan ("IMP") sets the foundations for how the Tūpuna Maunga are valued, protected, restored, enhanced, and managed in the future with equal consideration and reverence. The IMP established a set of Values for the Tūpuna Maunga which are outlined below.

The IMP was developed in accordance with Section 41 of the Reserves Act to provide for and ensure the use, enjoyment, maintenance, protection, preservation, and development as appropriate for the reserve purposes for which each of the Tūpuna Maunga is classified. This single integrated plan replaces the former separate legacy reserve management plans for the Tūpuna Maunga.

The IMP was approved in 2016 following a public consultation process and is available at www.maunga.nz.

The Tūpuna Maunga Integrated Management Plan Strategies are the next level of policy development for the Tūpuna Maunga and aim to support the Values and Pathways in the Tūpuna Maunga Integrated Management Plan 2016.

The IMP Strategies was approved in 2019 following a public consultation process and are available at www.maunga.nz.

TŪPUNA MAUNGA VALUES

Within the Tūpuna Maunga Integrated Management Plan, the Tūpuna Maunga Authority has articulated a set of values of the Tūpuna Maunga. The values promote the statutory purpose of the Tūpuna Maunga under section 109 of the Collective Redress Act, where in exercising its powers and functions the Authority must have regard to the spiritual, ancestral, cultural, customary and historical significance of the Tūpuna Maunga to Ngā Mana Whenua.

The values provide a strategic framework to guide the Tūpuna Maunga Authority in making any decision about the Tūpuna Maunga.

The values weave together and give expression to mana whenua and other world views, and the connections and histories in a manner that highlights the way in which these views complement each other and create a richness to the relationship people have with the Tūpuna Maunga and multiple ways in which ways in which these relationships are thought of and expressed.

Hui 79	Maungawhau / Mt Eden	Complaint received about large boulder which had come loose and was suspended over the road reserve on Clive Rd.		It was identified that the area in question was within the road reserve and therefore the responsibility of Auckland Transport. Long term have requested that proactive structural work is undertaken on this area.
Hui 78	Maungakiekie / One Tree Hill	Stardome staff member tripped in small ditch during evening event		This incident occurred because it was dark and a ditch has been created where buses and other vehicles drive over the grass when it is soft. Hui 78	Maungakiekie / One Tree Hill	Two people have been locked wharepaku due to issue with magnetic timed locking mechanism		This incident occurred because there was a fault with the power to the magnetic lock. This meant that when the button was pressed to open the door, the magnet was not able to be released.	Faulty magnet	Immediate – signage in place and toilet locked from outside so public can't enter. Maintenance of the power unit undertaken.
Hui 78	Maungawhau / Mt Eden	Two cyclists have fallen off their bikes after coming down the tihi road in the wet.		The tihi road is relatively steep and it is easy for cyclists to have gained high speeds as they turn right into Puhi Huia Road. These incidents occurred during a period of extremely rainy weather. While attempts have continued to be made to maintain the equipment to a safe standard, flying foxes pose an inherent risk due to their nature.		Flying fox has since been decommissioned to prevent any further issues occurring.
Hui 72	Maungauika / North Head	On a wet day, contractor vehicle started sliding down roadway from lower car park towards Takarunga Road into speed bump.		Previous health and safety reports have indicated that the road at Maungauika becomes slippery on rainy days, particularly on the painted areas. Due to the extremity of heavy rain and the age of the road, it is uncertain if they are connected, however management are pushing to complete previous actions regarding safety of painted areas.	Slippery surface Windy and rainy weather	Roading engineer to be commissioned to review road safety on site.
Hui 72	Te Pane o Mataoho / Te Ara Pueru / Māngere Mountain	Contractor was taking out timber boards from shipping container when a gust of wind suddenly shut the door of the container and back of his hand got hit by the edges of the bolts causing a minor laceration at the knuckle. Hui 71	Maungawhau / Mt Eden	Jogger did not see rise in track (which had been built up for drainage purposes) and fell forward down onto the aggregate track, hurting her foot.		The grade dips along the path were put into place as a means to ensure that the track drains effectively and does not hold water. Upon investigation it was noted that these grade dips were particularly high and could be reduced while still ensuring that the drainage happens as it should. It was noted that this incident happened at dusk, when levels of light also likely had an impact.	Trip hazard Low light	Grade dips were reshaped to make the undulation in the track less extreme.
Hui 71	Maungauika / North Head	On a wet day, a pedestrian slipped at the on the large patch of road art at the front vehicle entrance to the Maunga and fractured her wrist.		The incident occurred because the surface of the paint was slippery, and it was a rainy day. It was also noted that there needed to be signage in place warning members of the public of the hazard so that they make sure to use the pedestrian entrance, and not the vehicle entrance.	Slippery surface and wet weather	Short term – signage has been put in place either side of the entrance gate warning the public of the hazard. Reapplication of a non-slip glass bead will be placed on the surface. Long term – management will trial a new non slip product to the road surface and if this is not satisfactory then road art will be removed.
Hui 71	Maungakiekie / One Tree Hill	While playing on the flying fox a child rebounded and lost her grip, causing her to come off and break her hip and fracture her wrist.		The incident occurred due to the rubber tubing attached to the seat of the flying fox being slippery, causing the child to not be able to hold on to it. When the flying fox hit the end of the cable, the child was not able to maintain her grip.	Slippery hand grip	Management have reviewed the routine audits that have been undertaken which ensure that playground equipment is safe to use. Ensuring that the rubber tubing has sufficient grip will be factored into audits going forward. New tubing with better grip has been fed onto the pommel as an immediate action.
Hui 71	Puketāpapa / Pukewīwī / Mt Roskill	Staff member was undertaking routine firebreak audits early on a Saturday morning and was abused from a neighbouring property				We have altered the time of day when inspections take place and ensure that staff members are not alone when these happen.
Hui 71	Maungakiekie / One Tree Hill	A large tree branch fell on to two cars badly damaging one of them.		A large branch from one of the oaks split on a windy day.
